NOTE: Combined total usage of all paint, primer, thinner, reducers, hardeners, varnishes or any other related products shall be included in this log per 12 month period rolled and monthly. The permittee shall maintain a monthly log of either; a) gallons of paint used each month or, b) hours of painting per month. Monthly usage records must be maintained on site for a period of five (5) years and made available to representatives of this department upon request. A copy of the information contained in the log shall be submitted (if required by operating permit) annually with the facilities operating permit application and associated fee payment. If waste disposal is subtracted from the usage total it must be supported in the usage log with disposal receipts and totals.
