Data Review from Previous FY:

As compared to the previous FY of 21/22, there were no PREA incidents at the Polk County Juvenile Detention Center. To improve the effectiveness to the PREA programming, PCJDC completed a PREA Audit in FY 17-18 and completed a new one in Aug. 2022. Polk County Juvenile Detention Center staff receive Sexual Abuse training and education during the first six months of employment and a refresher training bi-annually on the topic of sexual abuse. During years in which an employee does not receive refresher training, staff receive information on current sexual abuse and sexual harassment policies and procedures.

Volunteers and contractors receive an abbreviated training annually. Following training, Polk County Juvenile Detention Center requires all employees, volunteers, and contractors who have direct contact with residents to sign documentation stating they understand the training. Polk County Juvenile Detention Center Administration will maintain documentation of all employees, contractors, and volunteer's signatures.
