Identified Problem Areas at Polk County Juvenile Detention Center and Corrective Plans if Needed in FY 20-21: PREA Audit completed in FY 17-18

PREA Trainings Scheduled in FY 20-21: New staff and refreshers as needed.

Data Review from Previous FY:

As compared to the previous FY of 19-20, there were no PREA incidents at the Polk County Juvenile Detention Center. To improve the effectiveness to the PREA programming, PCJDC completed a PREA Audit in FY 17-18. Polk County Juvenile Detention Center staff receive Sexual Abuse training and education during the first six months of employment and a refresher training bi-annually on the topic of sexual abuse. During years in which an employee does not receive refresher training, staff receive information on current sexual abuse and sexual harassment policies and procedures.

Volunteers and contractors receive an abbreviated training annually. Following training, Polk County Juvenile Detention Center requires all employees, volunteers, and contractors who have direct contact with residents to sign documentation stating they understand the training. Polk County Juvenile Detention Center Administration will maintain documentation of all employees, contractors, and volunteer's signatures.
