Spread Analysis

	August 2012			
	Monthly	Monthly	Monthly	Monthly
	High	Low	Range	Averages
Lows	911	854	57	886
ADP	952	886	66	915
Highs	1048	956	92	991
Variance Low to High	194	67	127	104
Bookings	100	43	57	62
Releases	91	32	59	63

*Variance Low to High is the difference between the highest point and lowest point in the set of data. Each day the variance is calculated so that a monthly high, monthly low, and monthly average are obtained.
