

Jester Park Improvements

Campground #2

Campground #2 will be converted to an electric campground with 28 sites during the fall of 2013. These additional sites will help satisfy demand for more modern campsites within Jester Park. The campground will be open for the 2014 camping season. This project was funded by Polk County Water and Land Legacy.

For more information about this project, contact Polk County Conservation at 515-323-5300 or visit our website at leadingyououtdoors.org. Thank you for your patience while these improvements are taking place.
