

Shots aren't just for kids.

Pertussis, or whooping cough, is a disease that can be deadly to infants, who most frequently get it from a caregiver or sibling. The best way to protect babies is with the pertussis vaccine. **Vaccinate everyone in your family... baby, parents, siblings, grandparents.**

Free pertussis vaccinations available for anyone over 11 at:

- Polk County Health Department's booth at Juneteenth.
- ELIM Christian Fellowship Church, 525 East 9th St on Sunday, May 19 after 8 and 10:30 am services.

Vaccinations are also available at the Polk County Health Department for people of all ages. Some may qualify for free vaccinations. Call 286-3798.
