What Do Inmate Tablets Offer?

Commissary

With tablets inmates can digitally order commissary items such as snacks and toiletries. They also have instant access to their account balance.

Messages

A messaging system that allows messages of up to 300 characters to be exchanged between inmates and verified friends and family members. Friends and family can send messages online or with our free mobile apps for [iOS](#) and [Android](#).

Photo Exchange

A photo exchange system that allows verified friends and family to share photos with inmates. Friends and family can send photos online or with our free mobile apps for [iOS](#) and [Android](#).

Entertainment Content

The GettingOut platform offers inmates a variety of entertainment content ranging from music to movies to games. Our collection of content is constantly being reviewed to be engaging, and to reinforce a positive outlook and feelings of well-being.

Education Content

Inmates using the GettingOut platform have access to enriching education content including GED, law library, reentry programs and other facility-approved content to help inmates get out and stay out.

How to Deposit Funds So Inmates Can Use a Tablet

In order for inmates to use tablets they must have funds in their ***Inmate Account***.

Step 1: Create Your Account

Go to www.gettingout.com and click “Log In” then “Create a New Account.” Once you are verified you can make a deposit.

Step 2: Make A Deposit

From www.gettingout.com or our mobile app, deposit funds into your ***Inmate Account***. PLEASE NOTE: in order to exchange messages and photos with your inmate you’ll **also** need funds in your ***Friends & Family Account***.

Step 3: Inmates Start Using Tablets

Once inmates have funds in their account, they can turn idle time into more productive time with education, music, ebooks, movies and games!

Connect On the Go With Our Mobile Apps
