State law requires that all local governments publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles or GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of Polk County (the "County") for the fiscal year ended June 30, 2019.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by RSM US LLP, a firm of licensed certified public accountants. The purpose of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor issued an unmodified opinion on the County's financial statements for the fiscal year ended June 30, 2019, indicating that they were fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are in the compliance section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of Polk County

Polk County, located in central Iowa, was formed in 1846. The County, containing Des Moines, West Des Moines, Urbandale, Ankeny and 14 smaller cities, is the largest population center in Iowa. Des Moines is the state capital and has a diverse and vigorous economy. Principal industries include financial services, health care, government, and varied manufacturing. The area has enjoyed a stable economy and moderate growth during the past decade.

The County occupies a land area of 592 square miles and serves a population of 487,204. Polk County is empowered to levy a property tax on real properties located within its boundaries.

Polk County operates under a Board of Supervisors form of government. The Board of Supervisors has both legislative and administrative powers and is the policy-making body for Polk County government. With its authority to adopt legislation and policies for department operations, the Board sets priorities, allocates resources and maintains budgetary control. The Board also appoints individuals or serves on a number of Boards and Commissions that affect all aspects of Polk County. There are five members on the Board of Supervisors, each elected by citizens in one of the five districts. Board members serve overlapping four-year terms, with elections held every two years. The Board elects one of its members annually to chair its activities. The Board is available to its constituency on a full-time basis and can respond to issues of importance to citizens.

Other elected officials operate independently and equally with the Board. These officials are the Auditor, Treasurer, Recorder, Sheriff and County Attorney.

The County provides a broad scope of services to its citizens, operating through various organizational entities ranging from elected departments to administrative departments to appointed commissions. The County provides a full range of services, including public safety, mental health, social services, construction and maintenance of highways, streets, and other infrastructure, and recreational/entertainment event centers.

In addition, the County is financially accountable for a legally separate mental health planning agency, Polk County Health Services, Inc. ("PCHS") and for a legally separate convention center hotel entity, Iowa Event Center Hotel Corporation ("IEC Hotel Corp"). Both of these are reported separately within Polk County's financial statements as discretely presented component units. Additional information on these legally separate entities can be found in Note 1. (A) in the notes to the financial statements.

The annual budget serves as the foundation for the County's financial planning and control. The budget division is responsible for developing a budget proposal to the Board of Supervisors. The proposed budget is presented to the Board in January and February of each year. The Board is required to hold a public hearing on the proposed budget and, by March 15th, certify the budget for the fiscal year beginning July 1st. If an amendment to the budget is needed after certification, the Board approves and publishes an amendment, with a final amendment approved no later than May 31st of the respective fiscal year. The State of Iowa requires passage of an annual budget of total County operating expenditures by major program service areas. Activities of the general fund, special revenue funds, capital projects funds and debt service funds are included in the annual appropriated budget. The legal level of budgetary control is at the total program service area level.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

The current general economic condition of the County is growing. The population continues to grow at a moderate pace, up approximately 13% since 2010, to 487,204 in 2019. Unemployment is approximately 2.7%, which is higher than the state level of 2.4% and lower than the national level of 3.8%. Other economic indicators are also steady. The County remains the primary center of economic activity in Central Iowa and the State although adjoining counties, specifically Dallas County to the west, are experiencing significant new development.

Major Initiatives

County Judicial System Public Safety Improvements

The Polk County Courthouse built in 1906 was originally designed for four courtrooms. Before renovations began, there were 28 courtrooms in the historic Courthouse with Polk County providing an additional 23,700 square feet of leased space at two locations. Following a study conducted by the National Center for State Courts, the County developed a three-stage, nine-year Master Plan to increase court space, centralize court services and enhance security. The Master Plan included renovation of the old main jail for criminal courts; a recently purchased office building to be renovated into a Justice Center for County Attorney, Magistrate (small claims, traffic), juvenile and clerk storage functions; and the much needed interior/exterior renovation of the historic courthouse for civil, probate and family courts. A referendum to issue up to \$81 million of bonds to address these needs was approved by Polk County voters in November 2013.

Currently, the Justice Center office space has been renovated with all staff relocated to this new space in October 2016. This move has eliminated the use of all leased space for the Polk County court functions, resulting in significant savings. Exterior renovation of the historic Courthouse was completed in October 2014. Construction is completed at the Criminal Courts building, and renovation/restoration for the interior of the historic Courthouse has begun. The anticipated completion date of all phases is the summer of 2021.

Iowa Events Center Hotel

The Iowa Events Center is owned by Polk County and consists of Wells Fargo Arena, HyVee Hall, and Community Choice Credit Union Convention Center. The venues have been successful in drawing first class entertainment to Central Iowa, and last year returned nearly \$2 million to Polk County for the fourth year in a row. As successful as the Iowa Events Center has been, it is well documented that the venues had been passed over for certain conventions, sporting events, expos, trade shows and conferences because of a lack of a convention center hotel.

The prospect of a convention center hotel became a reality in February 2016 when the State of Iowa gave preliminary approval for committing Iowa Reinvestment Act funds to a convention center hotel attached to the Iowa Events Center, and financial commitments were made by Polk County, the City of Des Moines and private businesses. The hotel will be owned and operated by a non-profit organization, the IEC Hotel Corporation, that will ensure that profits from the hotel are reinvested back into the community. Construction on the hotel began in the spring of 2016. The 330 Hilton Hotel opened in the spring of 2018 and has been performing as expected.

Polk County Water and Land Legacy Projects

In November 2012, voters supported the \$50 million Polk County Water and Land Legacy (PCWLL) Bond, passing the measure by 72%. Conservation projects to be addressed include improved water quality, wildlife habitat protection, connected communities by means of trails and greenways, revitalized parks, outdoor recreation and education opportunities. Of \$50 million authorized debt, \$50 million has been issued as of June 30, 2019. In addition to bond proceeds, Conservation has also received \$6.0 million in grants and other contributions.

The Polk County Conservation Board completed nearly \$41 million of conservation projects by November 2019, and an additional \$4 million are underway for fiscal year 2019/2020. The remaining \$5 million of projects have been authorized to continue addressing conservation needs over the next few years. Conservation plans to have all projects completed by 2022.

NW 66th Avenue/ Kempton Bridge Reconstruction Project

The NW 66th Avenue/Kempton Bridge Reconstruction project was completed in 2019. The \$25 million project was a joint effort with the City of Johnston to increase the capacity of NW 66th Avenue by reconstructing the rural 2-lane roadway design to an urban 4-lane roadway with a multi-use trail. The project also includes replacing the 56-year-old two-lane bridge over the Des Moines River. NW 66th Avenue is the only major roadway crossing of the Des Moines River between I-80 and the Mile Long Bridge over Saylorville Lake, so this corridor and bridge are critical to economic development and viability of the northern metro area.

The next segment of the planned improvements to this corridor includes the widening of NW 26th St. from NW 66 Ave. to Oralabor Road, from a two-lane roadway to a 5-lane roadway with recreational trail and bike lanes. Construction is planned to begin in late 2020 with an estimated cost of \$6.5 million.

Broadway Avenue Multi-Modal Improvements Project

This project is comprised of converting the existing 2-lane rural design of a significant minor arterial roadway to an urban three-lane roadway to match its current use. The project will improve the safety and transportation network reliability for the dozens of industries, their thousands of employees, and local residents that use this corridor every day. This project also includes the construction of an underpass structure below a dual track rail crossing owned and operated by the Union Pacific Railroad Co. The profile geometry and sight distance restrictions of the existing at-grade crossings are unsafe and result in frequent vehicle accidents in addition to traffic delays each day. Polk County will work with the City of Des Moines, Des Moines Area MPO, Iowa Department of Transportation, Union Pacific Railroad, and our business partners to secure the project funding which is estimated to cost \$40 million. This project will be constructed in several phases with the first phase scheduled for construction in 2024.

Watershed Management Authorities

Polk County is involved in the Watershed Management Authorities (WMA) within the region to develop long term management plans for each of the respective watersheds to reduce flooding risks, improve water quality, and educate the public. The Watershed Management Authorities are bringing together cities, counties, and Soil and Water Conservation Districts within each watershed. Polk County has assisted in forming and serving on the boards for a number of WMAs. A key component to each watershed is improving the water quality within the watershed and eliminating development within the flood plain to protect the County's tax base and make all member communities more sustainable for growth. Flooding, nutrient pollution, and stream bank erosion are the primary concerns within each of the watersheds.

Lower Fourmile Creek Greenway Master Plan

The Lower Fourmile Creek Greenway Master Plan is a joint effort between Polk County, Polk County Conservation, City of Des Moines, and City of Pleasant Hill. The master plan is a result of findings from the Fourmile Creek Watershed Management Authority plan to improve water quality, protect the greenway, and reduce flooding.

Over \$12.5 million has been invested to acquire numerous parcels for restoration and management. In conjunction with the 40-acre Strasser Woods Forest Preserve, this greenway is the County's third largest conservation area at 712 acres. The area is currently being improved with projects such as oxbow restorations, stormwater wetlands, stream bank stabilization, timber stand improvements and prairie restoration.

Operational and Budget Management

Polk County is continuing to develop strategies for improving service quality and efficiency. The Board of Supervisors initiated a strategic planning process several years ago that focused on achieving balanced growth, addressing mental health service delivery costs, offering affordable housing, and protecting the County's investment in the Iowa Events Center. Significant strides have been made towards these priorities, particularly pursuant to continued capital investments in the Iowa Events Center arena and construction of a convention hotel.

The Board continues to improve efficiency by enhancing intergovernmental communications through its membership in the Metropolitan Advisory Council. The council consists of mayors, council members and County supervisors within the metropolitan area who meet to discuss such issues as shared services, planning, and infrastructure. Shared successes have included regional use of the uniform building code and nuisance and vicious animal ordinances. The Board of Supervisors and the Des Moines City Council continue to dialogue about cost efficiencies and service improvements between the two governments.

It is anticipated that during the upcoming year, fund balances will be at a level consistent with the County's adopted financial policies. These strong reserves enhance the County's ability to manage upcoming challenges and enable the County to maintain its AAA bond rating. Nonetheless, the County remains cognizant of the need to serve citizens in the most cost-effective manner possible.

Long-term Financial Planning

The Board has developed and implemented a fiscal policy and three-year budget forecast. These financial practices enable management to identify fiscal threats while sufficient time exists to make adjustments in revenue and expenditures. Additionally, Polk County initiated a five-year capital improvement plan (CIP) that assists the Board with long-term capital planning.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Polk County for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. A Comprehensive Annual Financial Report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Polk County has received a Certificate of Achievement for the last twenty-five consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA for their review.

The preparation of this report could not have been accomplished without the dedicated efforts of the employees of the offices of the County Auditor and County Treasurer. We also would like to thank the members of the Board of Supervisors for their interest and support in timely and comprehensive financial reporting.

Respectfully submitted,

Jamie Fitzgerald, Polk County Auditor

Mary Maloney, Polk County Treasurer

Mark Wandro, County Administrator

Independent Auditor's Report

Board of Supervisors
Polk County, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Polk County, Iowa, (the County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the County, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the total other postemployment benefit (OPEB) liability schedule, the Iowa Public Employees Retirement System pension plan schedules and the budgetary comparison schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules and the accompanying schedule of federal awards as required by the Single Audit Act and Subpart F of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), listed in the table of contents as supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory, statistical, and other regulatory reports sections as listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2019 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

POLK COUNTY, IOWA

Management's Discussion and Analysis For the Year Ended June 30, 2019

This section of Polk County's ("County") annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year that ended June 30, 2019. Please read this section in conjunction with the transmittal letter at the front of this report and with the County's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The County's total net position increased by \$108.5 million (28%) to \$493.3 million. Net position of governmental activities increased \$31.5 million (21%) to \$182.2 million primarily due to an increase in revenues and lower than anticipated expenses during the year. Net position of business-type activities increased \$77.1 million (33%) to \$311.1 million primarily due to acquiring leasehold improvements that reverted to the County at the expiration of the 2011-2018 lease with Prairie Meadows Racetrack/Casino.
- In the County's governmental activities, total revenues increased \$19.4 million (8%) primarily due to an increase in property tax revenues and capital grants and contributions of \$15.3 and \$2.5 million respectively. Total expenses increased \$14.2 million (6%) primarily due to an increase in administration, public safety and legal services, physical health and social services, mental health, and county environment and education expenses of \$5.6, \$4.8, \$2.2, \$2.1, and \$1.7 million respectively.
- In the County's business-type activities, total revenues increased \$75.9 million (149%) and total expenses decreased \$2.1 million (5%). The increase in revenues is primarily due to a \$77.6 million capital contribution recorded for the leasehold improvements acquired from Prairie Meadows Racetrack/Casino noted earlier. Expenses decreased primarily due to the termination of case management contracts during the prior year.
- The County's actual expenditures were \$34.4 million below budget amounts. This is attributed to conservative estimated appropriations of large multi-year capital projects where actual construction expenditures lag the appropriated expenditure schedule and lower than anticipated expenditures on mental health services, community and economic development grant expenditures, and the timing of a radio project upgrade.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This discussion and analysis is intended to serve as an introduction to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of County finances, in a manner similar to private-sector business.

The government-wide financial statements of the County are divided into three categories:

- **Governmental Activities** – Most of the County's basic services are included here, such as public safety, legal services, physical health, social services, mental health, county environment, roads/transportation, and administration services. Property taxes and state and federal grants finance the majority of these activities.
- **Business-Type Activities** – The County charges fees to customers to help it cover the costs of certain services. The County's sanitary sewer, racetrack/casino, and events center are included here.
- **Component Units** – The County includes Polk County Health Services, Inc ("PCHS") and the Iowa Events Center Hotel Corporation ("IEC Hotel Corp") in its report. Although legally separate, these "component units" are included as the County is financially accountable for them.

The **Statement of Net Position** presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference between these items reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Polk County is improving or deteriorating.

The **Statement of Activities** presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (such as uncollected taxes and earned but unused vacation leave).

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes. The County uses fund accounting to ensure and demonstrate compliance with legal requirements for financial transactions and reporting.

The County has three kinds of funds:

- **Governmental funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financial decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains two individual major governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Mental Health Fund, which are considered to be major funds. Data from the other 17 governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget which includes its general, special revenue, debt service and capital projects funds. A budgetary comparison schedule has been provided for these funds to demonstrate compliance with this budget. For additional information see notes to required supplementary information.

- **Proprietary funds** – The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its air pollution control, convention/entertainment/arena, sanitary treatment, racetrack/casino, golf course/cabins, sewer/drainage district operations, community based case management and a tax and tags collection system. Internal service funds are accounting devices used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for health insurance and risk management. The County's internal services primarily benefit governmental activities.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Sanitary Treatment Works, Prairie Meadows Racetrack/Casino and Iowa Events Center which are considered to be major funds of the County. Data from the other six enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in this report. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

- **Fiduciary funds** – The County is the agent, or *fiduciary*, for resources held for the benefit of parties outside the government. All of the County’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in assets and liabilities. These activities are excluded from the County’s government-wide financial statements because the County cannot use these assets to finance its operations. The County reports individual fund data for the agency funds within other supplementary information.

Notes to the Financial Statements – The notes provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements.

Other information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* which includes the changes in the total OPEB liability and related ratios schedule, proportionate share of net pension liability schedule, pension contribution schedule and the budgetary comparison schedule for the governmental funds. The combining statements referred to earlier in connection with nonmajor governmental, proprietary, internal service, fiduciary funds and discretely presented component units are presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position. The following table presents a summary of the County’s net position for the year ended June 30, 2019 with comparison totals as of June 30, 2018. The County’s *combined* net position increased \$108.5 (28%) million primarily due to acquiring Prairie Meadows leasehold improvements and an increase in governmental activities net investment in capital assets and unrestricted net position.

Net position of the County’s governmental activities increased 21% to \$182.2 million at June 30, 2019. The largest portion of the County’s net position (78%) reflects its investment in capital assets (e.g. land, buildings, infrastructure, equipment, etc.), less any related debt used to acquire those assets that is still outstanding. The increase relating to net investment in capital assets is primarily due to completion of the Criminal Court Annex facility, Polk County Water and Land Legacy improvements, Phase IV improvements for the Historic Courthouse interior, and Phase III of the NW 66th Avenue Reconstruction Project. Unrestricted net position of governmental activities increased \$12.4 million (64%) to \$31.9 million due to an increase in property tax revenues and lower than anticipated expenses due to delays in construction. The net position of business-type activities increased \$77.1 million (33%) to \$311.1 million at June 30, 2019. The increase relating to net investment in capital assets is primarily due to acquiring \$77.6 million in Prairie Meadows Leasehold Improvements that reverted to the County at the expiration of their lease term in December 2018.

Approximately 84% of the net position of business-type activities is invested in capital assets (e.g. land, buildings, infrastructure, equipment, etc), less any related debt used to acquire those assets that is still outstanding.

Statement of Activities - Changes in Net Position

Polk County's governmental activities net position increased \$31.5 million during the year. The County reported an excess of revenues over expenses for the year of \$26.4 million. Revenues for governmental activities increased \$19.4 million primarily due to an increase in capital grants and contributions and property tax revenues. The County's expenses were \$34.4 million below budgeted amounts primarily due to construction expenditures lagging the appropriated expenditure schedules for both the Courts Master Plan capitals and Conservation water and land projects. The business-type activities net position increased \$77.1 million during the year primarily due to acquiring Prairie Meadows Leasehold Improvements as noted earlier.

Governmental revenues increased 8% primarily from increased capital grants and contributions and property tax collections. The \$2.5 million increase in capital grants and contributions is primarily due to a \$3.5 million reimbursement from the IDNR for their portion of the Easter Lake Renovations project and the receipt of federal and state grant revenue for the Jester Park Nature Center and Ackelson Trail projects offset by a \$1.4 million decrease in capital contributions for road construction projects. The County also reported a \$1.4 million increase in interest revenue due to an increase in cash balances and rising interest rates. In addition, the County's taxable valuations increased 9.4% resulting in an increase in current property tax revenue.

The fact that 63% of total governmental revenues are derived from property taxes illustrates the County's continued dependence on property taxes to finance its general functions. In addition, charges for services represent 15% and operating grants represent 8% of total governmental revenues.

Governmental activities expenses increased 6%, including a 15% increase in administration expenses due to increased community and economic development funding, risk management costs, and general administrative expense. In addition, there was a 10% increase in mental health expenses due to increased service costs and utilization. County environment and education expenses increased 10% due to increased spending on housing rehabilitation and development and increased depreciation expense on the new Jester Park Nature Center. Public safety and legal services expenses increased 6% due to a rising inmate population, increased spending on repairs and maintenance at the jail, and increased depreciation expense on the new Criminal Court Annex facility. Physical health and social services expenses increased 5% due to increased spending on general welfare services and services to adults.

The County's expenses cover a range of services, with the largest expenses relating to public safety and legal services (34%), administration (18%), and physical health and social services (17%).

Governmental Activities Revenues for the County's governmental activities increased \$19.4 million (8%), while expenses increased \$14.2 million (6%). Key elements of these changes include the following:

- \$15.3 million (10%) increase in property tax revenue due to a 9.4% increase in taxable valuations.
- \$2.5 million (25%) increase in capital grants and contributions due to a large reimbursement from the IDNR for their portion of the Easter Lake Renovations project and the receipt of federal and state grant revenue for the Jester Park Nature Center and Ackelson Trail projects.
- \$1.4 million (42%) increase in interest revenue due to an increase in cash balances and rising interest rates.
- \$4.8 million (6%) increase in public safety and legal services expense primarily due to a rising inmate population, increased spending on repairs and maintenance at the jail, and an increase in depreciation expense due to completion of the Criminal Court Annex.
- \$2.2 million (5%) increase in physical health and social services expense primarily due to increased spending on general welfare services and services to adults.
- \$2.1 million (10%) increase in mental health expense primarily due to increased service costs and utilization.
- \$1.7 million (10%) increase in county environment and education expense primarily due to increased spending on housing rehabilitation and development and an increase in depreciation expense due to completion of the Jester Park Nature Center.
- \$1.6 million (-8%) decrease in roads and transportation expense primarily due to decreased spending on roadway maintenance as a result of a large invoice that was accrued in the prior year.
- \$5.6 million (15%) increase in administration expense primarily due to increased community and economic development funding, risk management costs, and general administrative expense.

Business-type Activities Revenues for the County's business-type activities increased \$75.9 million (149%) and expenses decreased \$2.1 million (5%). Key elements of these changes include the following:

- Capital grants and contributions increased \$76.8 million primarily due to recording \$77.6 million in leasehold improvements from Prairie Meadows Racetrack/Casino. The improvements reverted to the County upon expiration of the 2011-2018 lease and have been capitalized as "leasehold improvements" in Note 6.
- Operating grants and contributions decreased \$4.1 million primarily due to a decrease in the reimbursements for case management services.
- Charges for services increased \$2.4 million primarily due to an increase in parking income, commissions income, and concession sales at the Iowa Events Center due to holding larger conventions and other events.

- Community Based Case Management expenses decreased \$4 million primarily due to the termination of case management services contracts during the prior year.

FINANCIAL ANALYSIS OF THE COUNTY’S FUNDS

Governmental Funds

As the County completed the current fiscal year, its governmental funds reported a *combined fund* balance of \$139.7 million at June 30, 2019, which is \$29.7 million more than the prior year. Key elements of these changes include the following:

- The General Fund increased \$12.8 million primarily due to the result of a \$13.9 million increase in property tax revenue due to a 9.4% increase in taxable valuations.
- The Mental Health Special Revenue Fund increased \$2.3 million primarily due to a \$1.9 million transfer that was authorized by legislation.
- The Conservation Water and Land Improvement Capital Projects fund increased \$12 million primarily due to unspent bond proceeds from the 2019 G.O. bond issue at the end of the fiscal year.

Proprietary Funds

Sanitary Treatment Works net position increased \$3.3 million primarily due to a transfer in from the general fund of \$2.6 million for expenses relating to Saylor Creek Trunk Sewer-Segment 4 and to provide for a WRA lift station reserve. In addition, the fund received a \$.6 million transfer from Prairie Meadows relating to funding of debt payments.

Prairie Meadows Racetrack/Casino net position increased \$70.8 million primarily due to acquiring \$77.6 million in leasehold improvements that reverted to the County at the expiration of the 2011-2018 lease as noted previously.

Iowa Events Center net position increased \$1.7 million primarily due to recognizing an increase in revenue from parking, concession sales, and commissions that were generated from larger conventions and other events held during the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The County’s capital assets for its governmental and business-type activities as of June 30, 2019, amount to \$618 million (net of accumulated depreciation). These capital assets include land, buildings, improvements other than buildings, leasehold improvements, infrastructure, equipment, vehicles, intangibles and construction in progress. Polk County’s capital assets increased \$90.9 million during the year. The primary reason for the increase is due to acquiring \$77.6 million in leasehold improvements that reverted to the County at the expiration of the 2011-2018 lease with Prairie Meadows Racetrack/Casino. In addition, the County completed work on the Criminal Court Annex and Jester Park Nature Center projects, made improvements and land acquisitions under the Polk County Water & Land Legacy initiative, made renovations under the Historic Courthouse interior project, continued work on the NW66th Avenue road reconstruction project, completed the Saylor Creek Trunk Sewer Segment 4 project, and completed the tuckpointing at the Iowa Events Center.

Major capital asset events for the year ended June 30, 2019, are as follows:

- Acquisition of Prairie Meadows Racetrack/Casino leasehold improvements - \$77.6 million
- Polk County Water & Land Legacy land acquisitions and improvements - \$11.6 million
- Criminal Court Annex project - \$9.1 million
- NW 66th Avenue road reconstruction - \$4.7 million
- Saylor Creek Trunk Sewer Segment 4 project - \$1.5 million
- Jester Park Nature Center project - \$1.4 million
- Tuckpointing project at Iowa Events Center - \$1 million

Capital assets for the governmental and business-type activities at June 30, 2019 are as follows:

Capital Assets

	Governmental Activities		Business-Type Activities		Totals	
	2019	2018	2019	2018	2019	2018

Additional information on Polk County's capital assets can be found in Note 6 in the notes to the financial statements.

The County's FY 19/20 capital budget includes spending an estimated \$14 million for the Polk County Historic Courthouse, \$9.6 million for Polk County Water & Land Legacy projects, \$9 million for the first phase of a new public safety administration/law enforcement building, \$4.2 million for capital improvement projects at various County facilities, and \$3 million for technology upgrades. Planned capital outlays for proprietary funds include \$.5 million to complete a sewer lift station and \$.6 million for improvements to the Iowa Events Center.

Long-Term Debt

At June 30, 2019, the County had \$271 million in bonds and notes outstanding, an increase of \$10.4 million compared to FY 17/18. The change in debt is due to the issuance of \$33.9 million of debt to complete the Courts and Conservation projects as authorized by referenda, as offset by paying down principal on existing bonds. Three large outstanding obligations pertain to the Iowa Events Center Enterprise Fund. Projects consisted of construction of a new arena and exhibit hall along with a renovated Veteran Memorial Community Choice Credit Union Convention Center. The fund reported outstanding obligations of \$79.3 million at the end of FY18/19. During FY 19/20, Polk County is contemplating refunding \$52.7 million of debt issued in 2015, pending a continued favorable interest rate environment.

Polk County is well below the statutory debt capacity limitation. The debt capacity is controlled by the constitutional debt limit which is an amount equal to 5% of the actual value of taxable property within the County limits. The County's unused legal debt capacity was \$1.5 billion as of June 30, 2019. In addition, the County maintains an Aaa rating from Moody's Investors Service and an AAA rating from Standard & Poor's Global Ratings on all new and existing outstanding debt obligations.

Outstanding Debt

Additional information on Polk County's outstanding debt can be found in Note 8 in the notes to the financial statements.

BUDGETARY HIGHLIGHTS

Over the course of the year, the Board of Supervisors amended the County budget twice to reflect a variety of actions taken since certifying the original budget. Adjustments included such items as re-appropriating special project funds, grant awards, position changes and amendments based on revised expenditure and revenue estimates. Additionally, because unexpended appropriations do not carry forward from year to year, the County was required to amend the budget to fulfill commitments from the previous year.

Even with these adjustments, actual expenditures were \$34.4 million below final budget amounts. Significant variances include:

- Courts Master Plan capitals were \$16.4 million less than budget, and other capital improvements were \$2.4 million less than budget. The budget is a conservative estimate to ensure sufficient appropriation is available to carry out any potential or planned capital improvements. The actual construction expenditures lag the appropriated expenditure schedule.
- Community and economic development grant expenditures were \$3.8 million less than budget. The variance is primarily due to timing of planned economic development loan and a large grant reserve being set aside for this purpose, but fewer than anticipated grants actually being awarded.
- Public safety expenses for the Sheriff's department were \$2.9 million less than budget primarily due to timing of a planned radio project upgrade and position vacancies.
- Mental health service expenditures were \$2.6 million less than budget due to utilization and programmatic changes.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The financial condition of Polk County government remains strong. Healthy reserves, continued revenue from Prairie Meadows, and significant growth in property valuations have allowed Polk County to maintain services without growth in the tax rate.

For FY 19/20, certified taxable valuations increased 4.8%, resulting in a budgeted increase of \$9 million in net current property tax revenue and state tax replacements. Per State property tax reform, commercial and industrial taxable valuations were rolled back to 90% of assessed valuation, with the State pledging to replace funding lost due to the rollback. For FY 19/20, the County estimates state replacement funding of \$6.4 million.

Polk County's budget for FY 19/20 indicates General fund balances will decrease \$1.7 million due to planned balance utilization for capital projects. Nonetheless, balances are projected to meet or exceed the County policy that sets ending fund balances at a goal of 20% - 25% of expenditures. Additionally, the County will retain its \$8 million contingency reserve.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Polk County Auditor's Office, 111 Court Avenue, Suite 315, Des Moines, IA 50309, telephone (515) 286-3419 or e-mail at JoEllen.Bigelow@polkcountyiowa.gov.

POLK COUNTY, IOWA

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2019**

Net change in fund balances - total governmental funds	\$	29,943,261
Amounts reported for governmental activities in the statement of net position are different because:		
<p>Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. The following is the detail of the amount by which capital outlays and capital contributions exceed depreciation/amortization in the current year:</p>		
Capital outlays		34,439,663
Capital contribution		6,330,776
Depreciation/amortization expense		(12,119,045)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.</p>		
Change in deferred inflows of resources		(1,178,463)
Collection of long-term receivable (Aviation Authority) recognized as revenue in the governmental funds		(385,000)
<p>The current year County employer share of IPERS contributions are reported as expenditures in the governmental funds, but are reported as a deferred outflow of resources in the Statement of Net Position.</p>		
		9,117,251
<p>Expenses in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds.</p>		
Change in estimated liabilities for claims and judgments		(3,730,000)
Change in compensated absences		106,598
Pension expense		(9,226,960)
OPEB expense		(786,785)
<p>Debt proceeds provide current financial resources to governmental funds. Issuing debt increases long-term liabilities in the government-wide statement of net position. Repayments are an expenditure in the governmental funds. Repayment reduces long-term liabilities in the government-wide statement of net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.</p>		
Change in capital leases		450,312
Payments on long-term bonds		13,785,000
Payments on long-term notes		438,000
Proceeds on long-term debt		(33,925,000)
Premium/(discount) on the issuance of debt		(3,813,421)
Amortization of bond premium/(discount)		1,065,605
Amortization of gain on refunding of debt		107,242
<p>Interest expense on long-term debt is reported in the government-wide statement of activities.</p>		
<p>Interest payable does not require the use of current financial resources. This related interest expense is not reported as an expenditure in the governmental funds.</p>		
Change in interest payable on debt		(72,838)
<p>Internal service funds are used by management to charge the costs of insurance. The change in net position is reported with governmental activities.</p>		
		1,135,611
<p>Inventory in the governmental funds has been recorded as an expenditure when paid, however, the statement of activities will not report these items as expenditures until the period when the corresponding net position is exhausted.</p>

POLK COUNTY, IOWA

Notes to the Financial Statements For the Year Ended June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Polk County (“County”) was formed in 1846 and operates under a Board of Supervisors form of government. The County provides a broad scope of services to its citizens, operating through various organizational entities ranging from elected departments to administrative departments to appointed commissions.

The governing body is composed of a five-member Board of Supervisors elected on a partisan basis and has both legislative and administrative powers. The basic functions of the Board are to investigate matters relating to the County's administrative departments, oversee the budget process for the entire County and respond to individual constituent inquiries and/or complaints.

Other elected officials operate independently and equally with the Board. These officials are the Auditor, Treasurer, Recorder, Sheriff and County Attorney.

A) Financial Reporting Entity

As required by accounting principles generally accepted in the United States of America (“GAAP”), the financial statements present the government and its component units, legally separate entities for which the County is financially accountable.

Discretely Presented Component Units - The financial data of the County’s component units are discretely presented in a separate column in the County's government-wide financial statements to emphasize that the component units are legally separate from the County. Both of the component units are considered nonmajor component units with combining information presented in the supplementary section of this report. The following are the County’s component units:

Polk County Health Services - The combined financial data of Polk County Health Services, Inc. and Polk County Health Services Foundation, collectively referred to as "PCHS" as of and for the year ended June 30, 2019, is included in the County's financial statements. PCHS has been designated by the Polk County Board of Supervisors to serve as the Code of Iowa mandated regional planning council and single point of entry for services to persons with mental illness, mental retardation or developmental disabilities. PCHS administers approximately \$21 million each year for mental health services for the County. Although PCHS is a separate legal entity and appoints its own Board of Directors, it is fiscally dependent on the County. The County provides a significant portion of PCHS’s financial support and annually approves its overall budget.

Complete financial statements of PCHS can be obtained from their administrative offices at 2309 Euclid Avenue, Des Moines, IA 50310.

Iowa Events Center Hotel Corporation - On February 23, 2015, the County approved the creation of the Iowa Event Center Hotel Corporation referred to as “IEC Hotel Corp”. The nonprofit IEC Hotel Corp will develop, own and manage a convention center hotel adjacent to the Iowa Events Center. The County appoints a voting majority with five members and the City of Des Moines appoints two members to the IEC Hotel Corp Board. The County is responsible for some of the IEC Hotel Corp debt. Although IEC Hotel Corp is a separate legal entity and has a separate board, it is fiscally dependent on the County. The IEC Hotel Corp has a calendar year-end. Additional information can be found in Note 20.

Complete financial statements of IEC Hotel Corp can be obtained from the County at 111 Court Avenue, Des Moines, IA 50310.

Jointly Governed Organizations - The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoints representatives to the following boards and commissions: Polk County Assessor's Conference Board, Polk County Emergency Management Commission and Polk County E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

B) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental activities and those that are considered business-type activities. Governmental activities are those that are normally supported by taxes and intergovernmental revenues. Business-type activities rely to a significant extent on fees and charges for support.

The statement of net position presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Net position is reported in three categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation (including the amortization of intangible assets) and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the County's proprietary functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Basis of Accounting: The government-wide financial statements are reported using the “economic resources measurement focus” and the accrual basis of accounting, as are the proprietary funds. Fiduciary fund financial statements are also reported using the accrual basis of accounting; however, they do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied/budgeted. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

In the governmental fund financial statements, differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Fund Financial Statements

The County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major governmental fund and each major enterprise fund are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Fund Accounting

The County uses fund accounting to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds are those through which most general governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources.

Basis of Accounting: Governmental fund financial statements are reported using the “current financial resources measurement focus” and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 75 days of the end of the current fiscal period (except for property taxes which is 60 days). Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pensions, and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

The following are the County's major governmental funds:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. Sub funds of the General Fund include the General Supplemental, Risk Management, Community Betterment and Economic Development.

Mental Health Special Revenue Fund - Accounts for property taxes levied and other state revenues for mental health services as mandated by the Iowa Code Section 331.424A. This fund is presented as a major fund for public interest purposes.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service funds.

Enterprise Funds - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises: (a) where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis. The County has two internal service funds that account for employee insurance and risk management financing activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation (including the amortization of intangible assets) on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major proprietary funds:

Sanitary Sewer - Accounts for activity of the Sanitary Sewer System established by County Ordinance #15.

Prairie Meadows Racetrack/Casino - Accounts for activity of Prairie Meadows Racetrack and Casino. It is operated and managed by a third party who has the ability to modify services and rates. See Note 18 for further information.

Iowa Events Center - Accounts for activity of the Veterans Memorial Community Choice Credit Union Convention Center, Hy-Vee Hall and Wells Fargo Arena. It is operated and managed by a third party who has the ability to modify services and rates. See Note 19 for further information.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. Agency funds account for drainage districts, county assessor, emergency management services, narcotics task force, etc. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency funds are excluded from the government-wide financial statements.

C) Assets, Liabilities, Deferred Outflows and Inflows of Resources and Net Position

Cash and Pooled Investments: For the purposes of the statement of cash flows, the proprietary funds consider all highly-liquid investments with a maturity of three months or less when purchased to be cash equivalents. Restricted cash is also included in cash and cash equivalents for purposes of the statement of cash flows.

The County maintains a cash and investment pool that is available for use by all funds. Monies that are not required for immediate obligations are invested under the management of the County Treasurer. Income earned from the investment of pooled cash is recorded in the General Fund, except for interest income allocated to proprietary funds and where specifically required by law to be recorded in other funds.

Property Taxes: The County proposed property tax levy was approved during the Board of Supervisors' session held in March of 2018 on the assessed valuation of property located in the County as of January 1, 2017, which was the assessment date. Assessed values are established annually for the various types of property by the County and are reduced by certain percentages based on the type of property to determine the taxable value. Taxes levied on property then became liens as of July 1, 2018. Taxes were receivable in two installments on September 30, 2018, and March 31, 2019. The County bills and collects property taxes for all taxing units in the County. Tax monies remitted to the County and subsequently disbursed to other taxing units are accounted for in the fiduciary funds.

The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources and will not be recognized as revenue until the year for which it is levied/budgeted.

Allowances for Uncollectibles: An allowance for uncollectible accounts, which offsets the total gross receivables, is calculated based upon historical collection data, specific account analysis and management's judgment.

Interfund Balances: Activity between funds that represents unpaid interfund services or cash overdrafts and lending/borrowing arrangements outstanding at the end of the year are referred to as "Due to/from other funds" or "Advances to/from other funds."

Interfund receivable and payables within governmental activities and with business-type activities have been eliminated in the government-wide statement of net position; any residual outstanding balances between the governmental activities and business-type activities are reported as "Internal Balances."

Due From Other Governments: Due from other governments represents grants, reimbursements and various shared revenues due from the State of Iowa and other governments.

Inventories and Prepaid Items: All inventories are stated at cost (first-in, first-out method). For governmental funds, the cost is recorded as an expenditure at the time individual inventory items are purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both governmental-wide and fund financial statements. The cost of prepaid items is reported as expenditures when consumed, rather than when purchased.

Inventories and prepaid items are offset by nonspendable constraint of fund balance except for Supplemental Foods Program commodities. Supplemental Foods Program commodities are reported as unearned revenues which indicates that they are not available to liquidate current obligations.

Capital Assets: Capital assets, which include land, buildings, improvements other than buildings, leasehold improvements, equipment, vehicles, intangibles, and infrastructure assets (roads, bridges, sewers, etc.), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. All capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the fair value of the asset or materially extend assets lives are not capitalized. Interest costs incurred during the construction phase of capital assets of business-type activities are included as part of the capitalized value of the assets constructed.

The County’s capitalization thresholds are as follows:

	Governmental Capital Assets	Business-type Capital Assets
Land	\$ 20,000	\$ 20,000
Buildings	150,000	100,000
Improvements other than buildings	50,000	15,000
Infrastructure	250,000	125,000
Equipment	15,000	10,000
Vehicles	15,000	15,000
Intangibles	300,000	300,000

Assets are depreciated (including the amortization of intangible assets) over the following estimated useful lives using the straight-line method:

Buildings	20-30 years
Improvements other than buildings	10-30 years
Leasehold improvements	25 years
Infrastructure other than roads	40-50 years
Infrastructure - roads/trails:	
Developer projects/trails	20 years
Full depth	16 years
Equipment	7 years
Equipment - Conservation/Secondary Roads	10 years
Vehicles	7 years
Intangibles - computer software	15 years

Deferred Outflows of Resources: Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

The County has one type of item that qualifies for reporting in this category in the proprietary funds and the government-wide statements of net position. The deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the County’s reporting period. See Note 22 for further information.

Due to Other Governments: Due to other governments represents taxes and other revenues collected by the County that will be remitted to other governments.

Advance Deposits: Advance deposits represents rent deposits paid by customers for future events.

Trusts Payable: Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Unearned Revenues: Unearned revenues occur when resources are received before they have been earned, as when state/grant monies are received prior to the incurrence of qualifying expenditures and undistributed food commodities. Unearned revenues for the Iowa Events Center enterprise fund consists of advertising, ticket sales and fees, and miscellaneous other event revenues and liabilities which are recognized when the related event occurs or over the life of the agreement.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Total OPEB Liability: For purposes of measuring the total OPEB liability, deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on Polk County's actuary report. Benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Deferred Inflows of Resources: Deferred inflows of resources represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues from three sources: property taxes, intergovernmental grants, and other receivables. Accordingly, these unavailable revenues are reported only in the governmental funds financial statements. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The governmental funds also include a deferred inflow of resources for succeeding year property taxes as described below.

The County has four types of items that qualify for reporting in this category in the proprietary funds and the government-wide statements of net position. Succeeding year property tax deferred revenue represents taxes certified by the Board of Supervisors in March of each year to be collected in the next fiscal year. Since these property taxes will not be recognized as revenue until the year for which it is levied, they are neither received nor earned during the current year.

A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This gain is deferred and amortized over the shorter of the life of the old debt or the life of the new debt.

In addition, the unamortized portion of pension-related amounts and OPEB related amounts such as the impact of changes in assumptions and other inputs are shown as a deferred inflow of resources on the Statement of Net Position. See Notes 22 and 23 for further information.

Bond Premiums (Discounts): In the government-wide financial statements and proprietary fund type fund financial statements, bond premiums (discounts) are deferred and amortized by a method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as other financing sources (uses) during the current period. The face amount and related premium of the debt issued are reported as other financing sources. Discounts on debt issuances are reported as other financing uses.

Bond Issuance Costs: Bond issuance costs are reported as expenditures during the period they are incurred.

Compensated Absences: County employees accumulate vacation and sick leave days for subsequent use, which are not forfeited on retirement, death or termination of employment. Accumulation of vacation hours is limited to 240 hours. Employees may accumulate sick leave to a maximum of 2,000 hours.

Payment of sick leave for any other reason than a bona-fide retirement is maximized at \$2,000 and subject to a years of service schedule that includes payout percentages ranging from 20% - 40%. Upon termination, for other than election of a bona-fide retirement by the employee, an employee must have at least four years of service in order to be paid for sick leave.

Payment of sick leave upon bona-fide retirement with IPERS is maximized at \$4,000. The remainder of any accrual available is converted to a bank for the purposes of purchasing health and dental insurance after retirement. The sick leave balance is converted according to the following schedule:

0 up to and including 749 hours:	0% of value
750 up to and including 1,000 hours:	75% of value
Over 1,000 hours up to 2,000 hours:	100% of value

The compensated absences liability has been computed based on rates of pay in effect at June 30, 2019. A liability is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. The retired employees' health insurance bank is also recorded as compensated absences in the governmental fund statements.

Net Position: Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation (including the amortization of intangible assets), reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

The County first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balance: In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed - Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through resolution (which is the highest level of action) approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same action it employed to commit those amounts.

Unassigned - All amounts not included in other classifications. Residual deficit amounts of other governmental funds would also be reported as unassigned.

When committed and unassigned amounts are available for use, it is the County's policy to use committed resources first, then unassigned resources as they are needed.

Budgetary Policy: The County presents a budgetary comparison schedule on the cash basis as Required Supplementary Information based on the program structure of 10 program service areas as required by State statute for its legally adopted budget.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

2. FUND BALANCE DEFICITS

Individual fund balance deficits for the year ended June 30, 2019 are as follows:

Nonmajor Governmental	
Special Revenue: Secondary Roads	\$ (547,177)

The deficits of the above funds are expected to be eliminated through future transfers from other funds, grant revenues or bond proceeds.

3. CASH AND POOLED INVESTMENTS

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit and other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County maintains a cash and investment pool that is available for use by all funds. These monies are considered to be cash on hand, cash held by elected officials, demand deposits, cash equivalents (maturities of three months or less from the date of acquisition), short-term investments (maturities of less than one year from the date of acquisition), and long-term investments (maturities of one year or greater from the date of acquisition). Short-term investments are valued at cost which approximates fair value. Long-term investments are shown at fair value.

As of June 30, 2019, the cash and pooled investments of the County consist of:

Cash and cash items in vault	\$ 182,047
Cash on hand not yet deposited	82,666
Bank account deposits	13,430,797
Money market mutual funds	80,771,150
Money market mutual funds - restricted	27,471,598
U.S. government securities	75,552,683
Commercial paper	<u>19,770,299</u>
 Total cash and pooled investments	 \$ <u>217,261,240</u>
 Cash and pooled investments, statement of net position	 \$ 160,685,028
Cash and pooled investments, fiduciary funds	29,104,614
Restricted assets - Note 4	<u>27,471,598</u>
 Total cash and pooled investments	 \$ <u>217,261,240</u>

Interest rate risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Operating funds may only be invested with maturities of 397 days or less. Non-operating funds may be invested with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the County. The County's investment policy focuses on the preservation of principal, liquidity, and obtaining a reasonable rate of return. All of the County's investments in commercial paper mature in less than one year. Of the U.S. government securities, \$2,928,601 matures in less than one year and the remaining balance matures in one to four years.

Credit risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper or other short-term corporate debt to issues rated within the two highest prime classifications by at least one of the standard rating services. However, the County's investment policy further restricts investments in these investment types to the top rating. As of June 30, 2019, the County's investments in commercial paper were rated A-1 or A-1+ by Standard & Poor's and P-1 by Moody's Investors Service. The County's investments in the money market mutual funds are rated AAAM by Standard & Poor's. The County's investment in U.S. government securities consist of FHLB, FFCB, FAMCA, FNMA and FHLMC and are rated Aaa by Moody's Investors Service and AA+ by Standard & Poor's.

Concentration of credit risk - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's policy, as set by state law, limits them from investing in corporate debt of more than 10% of the investment portfolio and more than 5% of the investment portfolio with a single issuer. In addition, investments in unit investment trusts are limited to those rated within the two highest prime classifications by at least one of the standard rating services.

When applying the state law, certificates of deposits, bank account deposits, and cash are included as part of the investment portfolio. The County did not exceed the 10% and 5% limitations as set by the State of Iowa at June 30, 2019.

The County's U.S. government securities and commercial paper are subject to concentration of credit risk disclosures. More than 5% of the County's investments are in Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corp, and the Federal National Mortgage Association, which represent 9.51%, 7.11%, 8.91% and 7.59% respectively of total investments.

Custodial credit risk - For deposits, this is the risk that in the event of bank failure, the County's deposits may not be returned to it. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Chapter 12C of the Code of Iowa requires all County funds be deposited into an approved depository and be either insured or collateralized. The County's bank account deposits at June 30, 2019, were entirely covered by Federal depository insurance, or by a collateral pool in accordance with Chapter 12C of the Code of Iowa. Investment securities are held by a third party custodian in the County's name. As of June 30, 2019, the County had no deposits or investments exposed to custodial credit risk.

Fair value measurements - The County uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date. Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for an asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Investments of the County in money market mutual funds, commercial paper and \$2,928,601 of U.S. government securities are valued at amortized cost because their maturity date was less than a year from the date of acquisition. As of June 30, 2019, the County held \$72,624,082 of investments in U.S. government securities, which are reported at fair value based on quoted prices for similar assets or liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability, which are classified as Level 2 inputs.

The County has no assets reported at fair value on a nonrecurring basis and no other investments meeting the fair value disclosure requirements of Governmental Accounting Standards Board (GASB) Statement No. 72.

4. RESTRICTED ASSETS

The County has the following restricted cash and pooled investments as of June 30, 2019:

	PFMS User Fee	Concession Upkeep	Unspent Bond Proceeds	Total
Iowa Events Center	\$ 563,996	\$ 55,989	\$ -	\$ 619,985
Conservation Water & Land	-	-	11,041,641	11,041,641
Justice Center	<u>-</u>	<u>-</u>	<u>15,809,972</u>	<u>15,809,972</u>
Total	<u>\$ 563,996</u>	<u>\$ 55,989</u>	<u>\$ 26,851,613</u>	<u>\$ 27,471,598</u>

In accordance with the Master Lease Agreement, the operator of the Iowa Events Center will assess a PFMS surcharge of \$1.00 per ticket sold for amateur sporting events and a \$2.00 surcharge for non-team events. Approximately 50% of the surcharges on tickets sold for Wells Fargo Arena (WFA) shall be held by the County. PFMS User Fee (Renewal and Replacement) funds are maintained in a segregated bank account to fund future capital repairs at the Iowa Events Center.

In addition, 3% of the gross Concession Revenues earned by Ovations Food Service at WFA shall be held by the County. Concessions Upkeep funds are maintained in a segregated bank account to fund future replacement, repair, updating, upgrading and installing of equipment and improvements related to food and beverage operations at the WFA.

The amount of unspent bond proceeds relate to the June 1, 2019 issuance of \$33,925,000 in 2019 general obligation bonds for financing projects within the Justice Center and Conservation Water and Land Improvements Capital Projects Funds.

5. INTERNAL BALANCES

Due From/To Other Funds

Amounts due from/to other funds at June 30, 2019, are as follows:

	Due To			
	General Fund	Mental Health	Nonmajor Governmental	Total
Due from				
General Fund	\$ -	\$ -	\$ 577	\$ 577
Prairie Meadows Racetrack/Casino	<u>441,774</u>	<u>44,779</u>	<u>86,392</u>	<u>572,945</u>
Total	<u>\$ 441,774</u>	<u>\$ 44,779</u>	<u>\$ 86,969</u>	<u>\$ 573,522</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. In general, interfund balances will be repaid within one year from year-end.

Amounts due from/due to other funds primarily relates to:

Property taxes owed to various funds from Prairie Meadows Racetrack/Casino Enterprise Fund	\$ 572,945
--	------------

Advances To/From Other Funds

The following loans between funds are long-term in nature and are classified as advances. The Conservation Enterprise Fund's advance from the General Fund relates to a loan made to make improvements to the golf course. The advance at June 30, 2019 is as follows:

	Advance To
	Nonmajor Enterprise Conservation Enterprises
Advance From	
General Fund	\$ 3,517,168

6. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2019, is as follows:

	Balance 7/1/2018	Additions	Disposals	Balance 6/30/2019
Governmental activities:				
Capital assets, not being depreciated:

Governmental Activities

The Polk County Conservation Board purchased two large parcels of land along Four Mile Creek for \$2.3 million. In addition, Polk County acquired property through an agreement with the City of Des Moines, which will be used to construct a regional skate park.

The County continued to work on the following projects included in construction in progress: 1) Water and Land Legacy improvements, 2) Historic Courthouse Phase IV and Criminal Court Annex improvements and 3) NW 66th Avenue/Kempton Bridge Reconstruction Phase III. The County also began construction on two bridge replacement projects, a Sheriff's Administration/Law Enforcement Facility, a truck wash bay facility, and hay barn at the Equestrian Center. The County completed construction of the \$40 million Criminal Court Annex and the \$10.5 million Jester Park Nature Center.

Equipment additions primarily consist of new sheriff equipment, conservation and computer equipment. Equipment disposals primarily consist of replacing the print shop equipment with new equipment. Vehicle additions consist primarily of the purchase of 33 vehicles for various county departments. Vehicle disposals consist of the disposal of 25 vehicles during the year. Infrastructure additions primarily consist of acceptance of new subdivision improvements into the Secondary Roads system.

Business-type Activities

Construction in progress consisted \$1.5 million for the Saylor Creek Trunk extension and \$1 million for the completion of tuckpointing at the Iowa Events Center. Building additions consist primarily of the \$3.5 million tuckpointing project at the Iowa Events Center. Leasehold improvements represent improvements to Prairie Meadows Racetrack and Casino during the lease term of 2011 to 2018 (see note 18). Infrastructure additions represent other sewer extension projects at various locations throughout the County.

Depreciation expense (including the amortization of intangible assets) was charged to functions/programs of the primary government as follows:

Government activities:	
Public safety and legal services	\$ 5,558,340
Physical health and social services	1,386,810
County environment and education	1,532,704
Roads and transportation	2,610,523
Government services to residents	327,606
Administration	<u>703,062</u>
Total depreciation expense - governmental activities	<u>\$ 12,119,045</u>
Business-type activities:	
Air Quality	\$ 88,087

There were no due and unredeemed bonds/notes or special assessment debt outstanding at June 30, 2019. Management does not believe an arbitrage liability exists at June 30, 2019.

Governmental Activities – Polk County Aviation Authority Capital Loan Notes

The loan agreement for the \$2,525,000 capital loan notes issued on May 22, 2014, calls for the Polk County Aviation Authority to repay the County equal to the debt service payments on the 2014A capital loan notes. A note payable and note receivable is recorded in the government-wide statements for this issuance. A reconciling item is recorded in the Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities for the debt service payments and revenue collected from the Aviation Authority.

9. INDUSTRIAL DEVELOPMENT REVENUE BONDS – CONDUIT DEBT OBLIGATIONS

The County actively encourages industrial and commercial enterprises to locate and remain in the County by, among other things, the issuance of industrial development revenue bonds pursuant to the Code of Iowa Chapter 419, Municipal Support of Projects. These bonds do not constitute an indebtedness of, or a charge against, the general credit or taxing powers of the County. All issues are prepared under the direction of Polk County. The issues which have been sold as of June 30, 2019 amounted to \$148,821,500.

10. DEVELOPER AGREEMENTS

The County has entered into various development agreements for urban renewal projects. The payments are payable solely from the incremental property tax received by the County which are attributable to property located within the Urban Renewal Area and are only made to the extent the County determines tax increment revenues are annually available.

Currently, it is estimated that outstanding commitments totaling about \$18.1 million exist, of which \$.8 million is estimated to be paid in the next fiscal year. No liability is recognized due to the fact that the agreements are conditional and the payments are to be funded by property taxes collected on the project each fiscal year. These agreements are not a general obligation of the County.

11. TAX ABATEMENTS

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

County Tax Abatements

The County provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa. For these types of projects, the County enters into agreements with developers which require the County, after developers meet the terms of the agreements, to rebate a portion of the property tax collected within the urban renewal areas. No other commitments were made by the County as part of these agreements.

For the year ended June 30, 2019, the County abated \$801,892 of property tax under the urban renewal and economic development projects.

Tax Abatements of Other Entities

Property tax revenues of the County were reduced by the following amounts for the year ended June 30, 2019 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Des Moines	Urban renewal and economic development projects	\$ 2,251,418
City of Bondurant	Urban renewal and economic development projects	26,122
City of Ankeny	Urban renewal and economic development projects	334,562
City of Ankeny	Urban revitalization and economic development projects	2,641
City of Grimes	Urban renewal and economic development projects	69,706
City of Windsor Heights	Urban renewal and economic development projects	15,610
City of Altoona	Urban renewal and economic development projects	186,104
City of Pleasant Hill	Urban renewal and economic development projects	1,361
City of Johnston	Urban renewal and economic development projects	595,639
City of Clive	Urban renewal and economic development projects	183,942
City of Urbandale	Urban renewal and economic development projects	71,730
City of West Des Moines	Urban renewal and economic development projects	24,688
City of Polk City	Urban renewal and economic development projects	72,004
City of Elkhart	Urban revitalization and economic development projects	18,089
City of Mitchellville	Urban renewal and economic development projects	12,356
		<u>\$ 3,865,972</u>

12. LEASE COMMITMENTS

Capital Leases

The County has entered into agreements to purchase equipment through capital lease agreements. The net book value of the equipment relating to capital leases is \$1,347,493.

The following is a schedule by years of future minimum lease payments under capital leases together with the present value of the total minimum lease payments as of June 30, 2019:

During the year ending June 30:	
2020	644,065
2021	34,893
2022	34,893
2023	34,893
2024	<u>6,790</u>
Total minimum lease payments	755,534
Less: amount representing interest	<u>(26,266)</u>
Present value of total minimum lease payments	\$ <u><u>729,268</u></u>

Operating Leases

The County leases building facilities for certain County department offices and equipment on a long-term basis. Rental expense for the year ended June 30, 2019 is \$67,337. As part of the normal course of business, the County continues to negotiate and/or renegotiate various operating leases. Following is a schedule of minimum future rentals for non-cancelable operating leases in effect at June 30, 2019:

During the year ending June 30:	
2020	34,140
2021	15,600
2022	15,600
2023	15,600
2024	15,600
2025-2029	78,000
2030-2034	78,000
2035-2039	<u>31,200</u>
Total	\$ <u><u>283,740</u></u>

13. DEFERRED INFLOWS OF RESOURCES

The following is a summary of deferred inflows of resources activity for the year ended June 30, 2019:

	Succeeding Year Property Taxes Receivable	Pension and OPEB Related Amounts	Unavailable Intergovernmental and Other	Gain on Current Refunding	Total
Governmental Funds	\$ 191,105,320	\$ -	\$ 3,003,955	\$ -	\$ 194,109,275
Governmental Activities	\$ 191,105,320	\$ 7,591,067	\$ -	\$ 804,367	\$ 199,500,754
Business-type Activities:					
Air Quality	\$ -	\$ 105,189	\$ -	\$ -	\$ 105,189
Iowa Events Center	-	3,782	-	1,505,780	1,509,562
Iowa Tax & Tags	-	40,471	-	-	40,471
Total Business-type Activities	\$ -	\$ 149,442	\$ -	\$ 1,505,780	\$ 1,655,222

14. DEFERRED COMPENSATION PLAN

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457, as amended. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation assets are held in trust for the exclusive benefit of participants (or their beneficiaries in the event of the participant’s death) upon termination, retirement, death, or an unforeseeable emergency. The County provides neither administrative service to the plan nor investment advice for the plan.

15. TRANSFER RECONCILIATION

The following is a schedule of the transfers of Polk County:

Transfer from	Transfer to							
	General Fund	Mental Health	Sanitary Sewer	Iowa Events Center	Nonmajor Governmental	Nonmajor Enterprise	Internal Service	Total
General Fund	\$ 270,175	\$ 1,990,000	\$ 2,581,609	\$ -	\$ 4,757,435	\$ 1,686,752	\$ 5,037,735	\$ 16,323,706
Prairie Meadows Racetrack/Casino	9,273,684	-	604,701	11,936,186	-	-	-	21,814,571
Nonmajor Governmental	339,651	-	-	-	6,001,192	-	-	6,340,843
Nonmajor Enterprise	98,638	-	-	-	-	-	-	98,638
Internal Service	4,457,735	-	-	-	-	-	-	4,457,735
Total	<u>\$ 14,439,883</u>	<u>\$ 1,990,000</u>	<u>\$ 3,186,310</u>	<u>\$ 11,936,186</u>	<u>\$ 10,758,627</u>	<u>\$ 1,686,752</u>	<u>\$ 5,037,735</u>	<u>\$ 49,035,493</u>

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to The fund that statute or budget required to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

In the year ending June 30, 2019, the County made the following significant transfers:

Prairie Meadows Racetrack/Casino Enterprise fund made transfers to various governmental/enterprise funds. These transfers provided economic development or provided funding to assist in the repayment of the respective fund's debt.	\$ 21,814,571
General Supplemental fund made transfers to Risk Management Internal Service funds for funding of current year activities and subsequent transfer from Risk Management Internal Service to General Self Insurance Reserve Fund.	5,037,735
General fund and Rural Services fund made transfers to Secondary Roads fund in accordance with state statutes.	7,177,933

16. RISK MANAGEMENT

The Polk County Risk Management Program includes the following functions: insurance procurement, loss control, employee safety training, OSHA compliance, building security and claims management. Additional responsibilities include hazardous waste management and underground fuel storage tank monitoring.

Self-Insurance Fund

The County's Risk Management Program blends self-insurance coverage with selected conventional insurance coverage. The County has established a sub-fund within the General Fund to account for the County's exposures to loss from property/casualty, workers' compensation, unemployment compensation, and long-term disability self-insurance programs.

The County self-insures its general liability, property, fleet, law enforcement professionals, public officials' errors and omissions, contractor's pollution, fidelity, and workers' compensation exposures with a self-insured retention limit. The self-insured retention varies with each policy.

The following tables display the self-insurance exposure, conventionally insured exposure, policy limits and self-insured retention (SIR) levels.

Self-Insurance Exposure	Self-Insured Retention	Policy Limits
Excess liability	\$ 2,000,000	\$ 10,000,000
Property, fleet, law enforcement, public officials	100,000	770,599,247
Fidelity bond	50,000	5,000,000
Workers' compensation	750,000	Statutory/1,000,000

Conventional Insurance Exposure	Policy Limits
General liability - Iowa Events Center (OLT)	\$ 2,000,000/2,000,000
Contractor Pollution - Weatherization/Public Works	2,000,000/2,000,000
Fine Arts - Hy-Vee Hall/CCCUCC - Unscheduled	25,000
Fine Arts - Hy-Vee Hall/CCCUCC - Scheduled	500,000
Medical Malpractice	1,000,000/3,000,000
Equestrian Center - Jester Park	1,000,000/2,000,000

In addition, the County purchases conventional flood insurance for the Administrative Office Building, River Place and buildings at the Chichaqua Bottoms Greenbelt Park.

There have been no significant reductions in insurance coverage during the year ended June 30, 2019. There have been no claims in excess of the insurance coverage in the last three fiscal years.

Liabilities are reported in the government-wide financial statements when it is probable that a loss will occur and the amount of the loss can be reasonably estimated. Claim liabilities are calculated considering recent claims settlement trends, including frequency, amount of payouts and other economic/social factors. All insurance losses are paid from the General Supplemental Self-Insurance Fund (a sub-fund within the General Fund).

Governmental Activities (prior to Internal Service Allocation)

Outstanding and IBNR claims are determined based on a combination of case-by-case reviews and application of historical experience. Changes in the estimated claims liability for governmental activities (prior to the internal service fund allocation) for the years ended June 30, 2019 and 2018 are as follows:

	Year Ended	
	6/30/2019	6/30/2018
Beginning balance	\$ 3,778,000	\$ 2,606,000
Current year claims and changes in estimates	6,641,137	3,229,688
Claim payments	<u>(2,572,137)</u>	<u>(2,057,688)</u>
Ending balance	\$ <u>7,847,000</u>	\$ <u>3,778,000</u>

Employee Insurance Fund

The County is self-insured for medical and dental insurance provided to employees. Plan benefits are accounted for through the Employee Insurance Internal Service Fund and are funded by both employee and County contributions. The payment of health and dental insurance claims are processed by third-party administrators, Wellmark and Delta Dental of Iowa, respectively. Interfund charges within the County are recorded as revenue in the Employee Insurance Fund and as expenditure/expense to the benefiting department.

The County's contribution to the Employee Insurance Internal Service Fund for the year ended June 30, 2019 was \$15,768,442 for medical and \$835,967 for dental while employees contributed \$2,394,186 and \$129,044 respectively. The total premium charged is the amount needed to pay expected claim and administrative costs. The County paid \$1,074,645 in administrative costs for the year ended June 30, 2019.

Excess insurance is purchased to cover individual health claims that exceed \$200,000 per plan year. Aggregate stop loss insurance coverage equals 125% of a projected amount. Settled claims have exceeded individual limits of excess insurance during the past three fiscal years but not the aggregate limit.

The estimated claims liability as of June 30, 2019, includes incurred but not reported (IBNR) claims. Changes in the estimated liability for claims and judgments recorded in the Employee Insurance Fund for the years ended June 30, 2019 and 2018 are as follows:

	Year Ended	
	6/30/2019	6/30/2018
Beginning balance	\$ 1,569,000	\$ 1,621,600
Current year claims and changes in estimates	20,062,745	18,972,466
Claim payments	<u>(18,404,645)</u>	<u>(19,025,066)</u>
Ending balance	\$ <u>3,227,100</u>	\$ <u>1,569,000</u>

17. COMMITMENTS AND CONTINGENCIES

Commitments

The County has made the following commitments of current and future resources. It is anticipated that necessary future resources will be provided by transfers from the Prairie Meadows Racetrack/Casino Enterprise Fund, general obligation bond proceeds and other sources:

General Fund:

Neighborhood Finance Corporation	\$	3,000,000
Polk County Housing Trust Fund		1,500,000
Des Moines City Gaming Payments		45,766,726
Merle Hay Partners LLC - Sears		<u>2,000,000</u>

Total	\$	<u><u>52,266,726</u></u>
-------	----	--------------------------

Secondary Road Fund:

Des Moines Asphalt and Paving (HMA Resurfacing Program)	\$	4,349,000
---	----	-----------

Conservation Water & Land Improvements Fund:

Water and Land Legacy Project	\$	1,601,678
-------------------------------	----	-----------

Justice Center Fund:

Historic Courthouse Renovations	\$	24,217,219
---------------------------------	----	------------

Capital Improvements Projects Fund:

Sheriff's Administration/Law Enforcement Facility - Engineering Services	\$	657,000
--	----	---------

Contingencies

There are currently numerous lawsuits against the County seeking damages for various reasons. With the exception of the estimated liability for claims and judgments as discussed in Note 16, the outcome and eventual liability of the County, if any, from these lawsuits and from any unasserted claims is not known at this time. County officials believe the outcome of these matters will not have a material effect on the County's financial statements.

The County participates in a number of federally assisted grant programs. The programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies, is not determinable at this time; however, County officials do not believe that such amounts would be significant.

18. RACETRACK/CASINO

The County owns real estate that is currently improved with a horse racing and gaming facility in Altoona, Iowa. The Board of Supervisors leases the real estate and improvements to Prairie Meadows Racetrack and Casino, Inc. ("Prairie Meadows"), which holds a state gaming license and which owns and operates horse racing and gaming at the leased facility, through a contract that covers the period of 2019-2026. This Agreement provides for rental payments to the County of \$15.9 million per year and additional annual payments equal to 5% of Prairie Meadows' adjusted gross receipts. In the event adjusted gross receipts exceed \$225 million, an additional 1% of adjusted gross receipts will be paid on the increment above \$225 million. Additionally, Prairie Meadows will reimburse Polk County for any annual property tax liability in excess of \$4.5 million.

Under the contract, Prairie Meadows may make leasehold improvements to the property, subject to County approval. Prairie Meadows recently completed renovation of the events center and clubhouse.

Prairie Meadows made \$77.6 million worth of improvements to the racetrack/casino facility during the lease term of mid-June 2011 to December 2018. The improvements reverted to the County upon expiration of the lease and have been capitalized as “leasehold improvements” in Note 6.

On November 2, 2010, Polk County voters approved a referendum permitting Prairie Meadows to continue operations for another 8 year period. The measure was passed with 74% voter approval. During the 2011 legislative session, the state approved an amendment to Iowa gaming law which removed the referendum renewal requirement for casinos that previously received voter approval through at least two consecutive referendums. Prairie Meadows meets the new requirements and will be exempt from future renewal referendums unless the voters petition for a reverse referendum.

19. IOWA EVENTS CENTER

The County owns the Iowa Events Center (IEC). The IEC consists of two managed facilities, Veterans Memorial Community Choice Credit Union Convention Center and the Hy-Vee Hall, and one leased facility, Wells Fargo Arena (WFA).

Managed Facilities

The County has a Management Agreement with Global Spectrum, L.P. (Global), to manage and operate the Managed Facilities. The original contract dated October 1, 2004 was amended on April 24, 2012 to extend the term to September 30, 2016. On October 7, 2014 the contract was amended again to extend the term to expire on September 30, 2026. Under this agreement the County pays Global a fixed management fee. For the fiscal year ending June 30, 2019 the amount of the fixed management fee was \$250,200.

In addition to the fixed management fee, Global is entitled to earn a productivity fee for each full, completed operating year of the term. The County paid Global \$13,135 for the productivity fee for the fiscal year ending June 30, 2019.

The County has a Concessions Management Agreement with Ovations Food Services, L.P. (Ovations) for the management of the food and beverage service operations at the Managed Facilities. The original contract dated October 1, 2004 was renewed for an additional three years beginning October 1, 2009. On October 7, 2014 the contract was amended to extend the term to September 30, 2026. Under these agreements the County pays Ovations a fixed management fee. For the fiscal year ending June 30, 2019 the amount of the fixed management fee was \$240,000.

In addition to the fixed management fee, Ovations is entitled to earn an incentive fee for each operating year of the term. The County paid Ovations \$12,000 for the incentive fee for the fiscal year ending June 30, 2018.

Leased Facility

The County has a Master Lease agreement with Global to manage and operate WFA. The agreement is a ten-year contract beginning July 1, 2005, with the option to extend for two five-year periods thereafter. On April 24, 2012 the contract was amended to extend the term to September 30, 2016. On October 7, 2014 the contract was amended again to extend the term to expire on September 30, 2026.

Under this agreement, the County’s share is calculated based on 80% of the first one million dollars of net operating income for such fiscal year in excess of the operator’s initial share (\$500,000), plus 70% of all net operating income in excess of the operator’s share (\$500,000) plus one million dollars for such year. The remaining funds are considered the operator’s share. The County earned \$1,281,167 and Global earned \$906,215 of WFA’s net operating income for the fiscal year ending June 30, 2019.

Global is responsible for the payment of all WFA operating expenses regardless of the amount or timing of WFA revenues. In the event that the operating fund does not contain sufficient funds to pay any such WFA operating expenses as they become due and payable, Global shall fund the amount of such insufficiency. In no event shall the County have any responsibility or liability with respect to any operating losses or the failure of Global to realize any net operating income from its leasing of WFA.

A Public Facility Maintenance Surcharge (PFMS) user fee is assessed on certain ticket sales. The amount of this fee varies from \$1.00 to \$2.00 depending upon the nature of the event. Fifty percent of these revenues generated are paid to the County for deposit into a restricted funds PFMS/Renewal and Replacement Account (see Note 4), and the remaining 50% is retained by Global as operating revenues. The County earned \$447,330 for the fiscal year ending June 30, 2019.

Global has an agreement in place with Ovations to provide food and beverage concessions and catering services to WFA. The agreement is a ten-year contract beginning July 1, 2005. The term of this agreement may be extended by Ovations, at its sole option, for an additional one year period. On October 7, 2014 the contract was amended to extend the term to expire on September 30, 2026.

Under the Master Lease Agreement, the County receives 3% of the gross concessions revenues earned by Ovations for the fiscal year. The County deposits these funds into a restricted fund Concessions Account (see Note 4). The County earned \$203,913 for the fiscal year ending June 30, 2019.

County Non-Operating

The County is responsible for the non-operating costs associated with the IEC. These costs include external professional services, internal audit functions, insurance costs, repair and maintenance costs not included in Global’s operating expenses, interest expense, and depreciation expense.

For the fiscal year ending June 30, 2019, the County received the following naming rights revenue:

Hy-Vee Hall	\$	400,000
Wells Fargo Arena		390,000

20. IOWA EVENTS CENTER HOTEL CORPORATION

On February 23, 2015, the County approved the creation of the Iowa Event Center Hotel Corporation (“IEC Hotel Corp”) a 501(c)(3) entity. The non-profit IEC Hotel Corp will develop, own and manage a convention center hotel adjacent to the Iowa Events Center. The County appoints five members and the City of Des Moines appoints two members to the IEC Hotel Corp board of directors. However, the County has veto power on the City of Des Moines appointments. The County has determined that the IEC Hotel Corp will be a discretely presented component unit. See Note 1 for more information.

The County approved the Management Agreement between IEC Hotel Corp and Hilton Management, LLC (“Manager”) dated March 30, 2016. The operating period commenced on March 21, 2018 and extends to March 21, 2033 unless terminated by criteria set forth in the Management Agreement. The management fee will be \$212,000 pro-rated by the number of days from the opening date through December 31st of that year. The management fee for the first, second, and third full operating year will be \$212,000, \$471,000 and \$668,000, respectively. The fee for the fourth full operating year will be \$840,000. The fee for each succeeding operating year will increase by the percentage increase in the Consumer Price Index (CPI) from the prior operating year.

The County approved a 99 year ground lease agreement with Fifth & Park LLC commencing March 30, 2016 and terminating March 30, 2115 to allow for the building of the hotel. Fifth & Park then subleased to DSM to allow for construction and equipping of certain improvements on the site by the contractor Weitz Company.

The County will pay the legal and administrative fees of the IEC Hotel Corp until there is enough funds in the IEC Hotel Corp’s administrative fund to cover the costs on an ongoing basis. Reimbursement for these fees are requested quarterly from the IEC Hotel Corp. The County is reporting a \$88,165 due from component unit from IEC Hotel Corp. Since, IEC Hotel Corp operates on a calendar year end, the amount reported by the IEC Hotel Corp as due to the primary government and the County’s due from component unit do not agree by \$6,986.

The County approved a lease purchase agreement dated March 30, 2016 with Fifth and Park and IEC Hotel Corp in order to finance the acquisition of the improvements from DSM, fund certain reserve funds for various series of the certificates, pay certain costs of issuance of the certificates, reimburse the County, and provide working capital for operation of the hotel. The term of the lease begins upon hotel completion and will end 40 year later. Lease payments are calculated in the Trust Indenture.

Upon completion of the hotel, IEC Hotel Corp and the Indenture Trustee (Banker’s Trust) implemented the provisions of the Trust Indentures on March 21, 2018. The funds from debt issuances by IEC Hotel Corp were deposited with the Indenture Trustee. The IEC Hotel Corp will lease the hotel from Fifth & Park until the obligations are paid in full.

The County has guaranteed the \$8.1 million of the IRA Series E secured by a subordinate lien on the IRA Sales Tax. The County has also guaranteed an estimated \$4.795 million secured by the Facility Fee Lease Guaranty.

The County purchased Series B certificates of participation issued by the IEC Hotel Corp on March 21, 2018 from the Prairie Meadows Enterprise Fund in the amount of \$27,750,000. Repayment of the certificates are due annually for 30 years at 4% interest due semiannually. The funds for the certificates of participation will come from surplus gaming revenue that is created as a result of the County’s refinancing (and the extension of) of previously issued IEC debt.

21. RELATED PARTY TRANSACTIONS

The Iowa Events Center is managed by Global Spectrum, L.P. which is a subsidiary of Philadelphia-based Comcast-Spectacor. The Comcast-Spectacor Group includes Ovations Food Services and New Era Tickets. The following is a summary of transactions and balances with affiliates as of and for the year ended June 30, 2019:

Concessions and catering revenue from Ovations	\$	8,163,729
Ticket revenue and fees received from New Era		30,534
Ticket fees paid to New Era		1,612
Management fee paid to Ovations		12,000

22. PENSION AND RETIREMENT BENEFITS

Plan Description - IPERS membership is mandatory for employees of the County, except for those covered by another retirement system. Employees of the County are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees’ Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules there under. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits - A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.
- Sheriffs, deputies and protection occupation members may retire at normal retirement age, which is generally age 55. Sheriffs, deputies and protection occupation members may retire any time after reaching age 50 with 22 or more years of covered employment.

The formula used to calculate sheriffs, deputies and protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for years of service greater than 22 but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is .25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is .50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1% point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payrolls based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2019, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the County contributed 9.44% of covered payroll, for a total rate of 15.73%. The Sheriff deputies and the County each contributed 9.76% of covered payroll, for a total rate of 19.52%. Protection occupation members contributed 6.81% of covered payroll and the County contributed 10.21% of covered payroll, for a total rate of 17.02%.

The County's contributions to IPERS for the year ended June 30, 2019 were \$9,303,317.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2019, the County reported a liability of \$55,279,039 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2018, the County's collective proportion was .874%, which was a decrease of .081% from its collective proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the County recognized pension expense of \$9,415,273. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 552,182	\$ 1,801,900
Changes of assumptions	11,176,846	2,347,626
Net difference between projected and actual earnings on pension plan investments	-	2,420,087
Changes in proportion and differences between County contributions and proportionate share of contributions	1,230,864	902,485
County contributions subsequent to the measurement date	<u>9,303,317</u>	<u>-</u>
	<u>\$ 22,263,209</u>	<u>\$ 7,472,098</u>

\$9,303,317 reported as deferred outflows of resources related to pensions resulting from the County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

During the year ending June 30:	
2020	\$ 4,998,076
2021	2,452,707
2022	(1,070,122)
2023	(638,356)
2024	<u>(254,511)</u>
Total	<u>5,487,794</u>

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions - The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.6% per annum.
Rates of salary increase (effective June 30, 2017)	3.25-16.25%, average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7%, compounded annually, net of investment expense including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.6% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2018 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	22%	6.01%
International Equity	15%	6.48%
Global Smart Beta Equity	3%	6.23%
Core plus fixed income	27%	1.97%
Public Credit	3.5%	3.93%
Public Real Assets	7%	2.91%
Cash	1%	(.25)%
Private Equity	11%	10.81%
Private Real Assets	7.5%	4.14%
Private Credit	3%	3.11%
Total	100%	

Discount Rate - The discount rate used to measure the total pension liability was 7%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the County will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6%) or 1% higher (8%) than the current rate.

	1% Decrease (6%)	Discount Rate (7%)	1% Increase (8%)
County's proportionate share of the net pension liability	\$ 112,133,298	\$ 55,279,039	\$ 7,605,038

IPERS' Fiduciary Net Position - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS - At June 30, 2019, the County did not have any payables to IPERS because the required contributions for the employer and employee for the month of June were remitted to IPERS in June.

23. OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description and Benefits Provided

The County sponsors a single-employer defined post-employment benefit plan that provides a continuation option to retirees to purchase health benefits under the County's group health plan. Group insurance benefits are established under Iowa Code Chapter 509A.13. Retirees have the option to purchase health coverage for themselves and their eligible dependents. Eligible retirees receive health care coverage through a self-funded medical plan, administered through Wellmark.

The Sheriff and Deputies may retire with the election to continue health coverage at age 50 with 22 or more years of service or at age 55 if they have less than 22 years of service. All other full-time employees may retire with the election to continue health coverage after age 55. Retirees under age 65 pay the same premium for the medical benefit as active employees, which results in an implicit subsidy and an OPEB liability. Health coverage under the County's plan ends at age 65. The health plan contributions on behalf of employees are established and amended through negotiation by management and the union and governed by the County's union contracts. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75. The plan does not issue a stand-alone financial report.

Contributions

All retirees are required to contribute 102% of the retiree rates (COBRA) to continue coverage through the County's plan at retirement. The County's monthly retiree premium rates are \$631 for single health coverage and \$1,577 for family health coverage. The County establishes and amends contribution requirements annually.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Current retirees, beneficiaries and dependents	87
Current active members, fully eligible for benefits	308
Current active members, not yet fully eligible for benefits	995
	1,390
	1,390

Total OPEB Liability – The County's total OPEB liability of \$13,327,000 was measured as of June 30, 2019, and was determined by an actuarial valuation as of that date. The County's portion of the total OPEB liability, \$12,948,000 is reported in the government-wide financial statements and the County Assessor's office portion, \$379,000 is reported in an Agency Fund.

Total OPEB Liability by Employee Group

Employee Group	Total OPEB Liability
Polk County	\$ 12,948,000
County Assessor's Office	<u>379,000</u>
Total	<u>\$ 13,327,000</u>

Actuarial Methods and Assumptions – The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation	3% per annum.
Rates of salary increase	3.5% per annum.
Discount rate	3.5% per annum.
Healthcare cost trend rates	7% initial rate decreasing by 0.5% annually to an ultimate rate of 4.5%.

Discount rate – The discount rate used to measure the total OPEB liability was 3.5% which reflects the index rate on the Bond Buyer 20-year GO Bond Index, with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates were based on the RP-2014 generational table scaled using MP-17 and applied on a gender-specific basis. Annual retirement probabilities and termination rates were based on the IPERS Actuarial Valuation Report as of June 30, 2017. All current and future retirees are assumed to be eligible for Medicare at age 65. The participation percentage is the assumed rate of future eligible retirees who elect to continue health coverage at retirement. It is assumed that 75% of all employees and their dependents who are eligible for early retiree benefits will participate in the retiree medical plan.

Changes in the Total OPEB Liability

	Total OPEB Liability
Total OPEB liability - July 1, 2018	\$ 12,069,000
Changes for the year:	
Service cost	849,000
Interest cost	489,000
Changes in assumptions or other inputs	446,000
Benefit payments	<u>(526,000)</u>
Net change in total OPEB liability	<u>1,258,000</u>
Total OPEB liability - June 30, 2019	<u>\$ 13,327,000</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.87% in fiscal year ending June 30, 2018 to 3.5% in fiscal year ending June 30, 2019.

Sensitivity of the total OPEB liability to changes in the discount rate - The following presents the approximate total OPEB liability of the County using the discount rate of 3.5%, as well as what the County's approximate total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.5%) or 1% higher (4.5%) than the current rate.

	1% Decrease 2.50%	Discount Rate 3.50%	1% Increase 4.50%
Total OPEB liability	\$ 14,618,000	\$ 13,327,000	\$ 12,167,000

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the approximate total OPEB liability of the County using a healthcare cost trend rate of 7%, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (6%) or 1% higher (8%) than the current health care cost trend rates.

	1% Decrease 6%	Healthcare Cost Trend Rate 7%	1% Increase 8%
Total OPEB liability	\$ 10,901,000	\$ 13,327,000	\$ 17,014,000

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB – For the year ended June 30, 2019, the County recognized OPEB expense of \$786,785. At June 30, 2019, the County reported deferred outflows and deferred inflows of resources related to OPEB from the following source:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions or other inputs	\$ 406,255	\$ 268,411

Amounts reported as the deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Deferred Outflows of Resources
During the year ending June 30:	
2020	\$ 10,604
2021	10,604
2022	10,604
2023	10,604
2024	10,604
Thereafter	84,824
Total	\$ <u>137,844</u>

24. JOINT VENTURE

The County is a participating community in the Des Moines Metropolitan Wastewater Reclamation Authority (WRA) joint venture. This joint venture provides primary and secondary treatment of the sewer flows of the participating communities.

The WRA Agreement does not provide for the determination of an equity interest for the participating communities. Withdrawing from the joint venture is a forfeit of all reversionary interest and no compensation would be paid. Since there is no specific and measurable equity interest in the WRA no investment in the joint venture is reported by the County. The County does retain a reversionary interest percentage in the net position of the WRA that would only be redeemed in the event the WRA is dissolved.

Although debt of the WRA is to be paid solely and only from WRA revenues, the participating communities in the joint venture cannot withdraw from the joint venture while any of the bonds issued during the time the entity was a participating community are still outstanding. Polk County retains an ongoing financial responsibility to the WRA since it is obligated in some manner for the debts of the joint venture through the annual allocation of wastewater reclamation flows. The allocation to all participating communities is based on operations, maintenance, debt service and reserve requirements. Allocations are based on wastewater reclamation facility flows and adjusted prospectively for differences in budgeted flows and actual flows. As of June 30, 2019, the County has a future commitment for approximately \$5,539,203 for future principal payment requirements payable through the allocation of wastewater reclamation flows.

The WRA issues separate financial statements that may be obtained at 3000 Vandalia Road, Des Moines, Iowa 50317-1346.

25. ELECTED OFFICIALS

The elected officials funds (which are sub-funds of the General Fund) account for the activity of various cash accounts maintained by elected officials and other County departments which have not been remitted to the County Treasurer (who acts as trustee for all pooled cash and investments of the County) or to other individuals and private entities or governments. The elected official's balances at June 30, 2019, are as follows:

	Attorney	Auditor	Board of Supervisors Other	Conservation Board	Recorder	Sheriff	Total Elected Officials
ASSETS:							
Cash and pooled investments	\$ 5,000	\$ 10,130	\$ 5,101	\$ 11,599	\$ 591,091	\$ 3,490,058	\$ 4,112,979
Due from other governments	-	-	-	-	3,500	-	3,500
TOTAL ASSETS	<u>\$ 5,000</u>	<u>\$ 10,130</u>	<u>\$ 5,101</u>	<u>\$ 11,599</u>	<u>\$ 594,591</u>	<u>\$ 3,490,058</u>	<u>\$ 4,116,479</u>
LIABILITIES:							
Accounts payable	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 156,409	\$ 156,409
Due to other funds	5,000	10,130	5,101	11,599	2,469	475,246	509,545
Due to other governments	-	-	-	-	592,122	2,770,837	3,362,959
Trusts payable	-	-	-	-	-	87,566	87,566
TOTAL LIABILITIES	<u>\$ 5,000</u>	<u>\$ 10,130</u>	<u>\$ 5,101</u>	<u>\$ 11,599</u>	<u>\$ 594,591</u>	<u>\$ 3,490,058</u>	<u>\$ 4,116,479</u>

26. FUND BALANCES

The following is fund balance classifications as of June 30, 2019:

	Major Governmental		Nonmajor	Total
	General Fund	Mental Health	Governmental Funds	
Nonspendable:				
Inventory	\$ 386,896	\$ -	\$ 1,064,495	\$ 1,451,391
Prepays	742,843	-	30,088	772,931
Advances	3,517,168	-	-	3,517,168
Restricted for:				
Mental health	-	3,484,129	-	3,484,129
Rural services	-	-	2,734,238	2,734,238
Sheriff seized property	-	-	243,150	243,150
Attorney seized property	-	-	312,882	312,882
Recorder records management	-	-	334,040	334,040
Township fire protection	-	-	13,845	13,845
REAP	-	-	119,524	119,524
Conservation water & land improvements	-	-	10,394,068	10,394,068
Justice center	-	-	26,344,742	26,344,742

Capital projects	-	-	1,220,532	1,220,532
Unassigned:	<u>73,735,438</u>	<u>-</u>	<u>(1,611,672)</u>	<u>72,123,766</u>
Total Fund Balances	<u>\$ 81,984,868</u>	<u>\$ 3,484,129</u>	<u>\$ 54,261,850</u>	<u>\$ 139,730,847</u>

27. STABILIZATION ARRANGEMENT

The County maintains a Contingency Reserve Special Revenue Fund that was established by board resolution to be used for future contingencies to achieve budget and revenue stabilization. Fund balances have been committed by Board resolution. The fund balance is replenished when it is below the targeted \$8 million plus an accumulated reserve for the 27th payday and an inflation factor. The County annually contributes to a 27th payday reserve in this fund which will cover the extra payday that occurs on a cash basis every 11 years. The next 27th payday will occur in the fiscal year ending 2028. The committed fund balance is to be used for the 27th payday and for the following situations:

- Whenever revenues are at least \$1,000,000 less than needed to maintain current operational levels
- Make loans to another County fund with the expectation that the loan will be repaid within three years
- Settle legal claims that exceed funds available in the County’s self-insurance reserve

28. SUBSEQUENT EVENTS

Lauridsen Skate Park

In March 2018, the County approved an agreement for Cooperative Public Service with the City of Des Moines for development and construction of the Lauridsen Skate Park project. The County was the lead agency for administering this project while the City of Des Moines would own, manage, and operate the skate park upon project completion under this agreement. The city deeded 5.79 acres of land to the County in August 2018 under the original Cooperative Public Service Agreement.

In June 2019, the County approved an agreement with the Community Foundation of Greater Des Moines to coordinate and pay for the construction of the skate park. The total estimated cost of this project is \$6.35 million, which will be financed by funds raised by the Community Foundation. The skate park has a June 2020 project completion.

In August 2019, the County approved an Agreement for Termination of Agreement with the City of Des Moines for the skate park project that was approved in March 2018. The County would own, manage, and operate the skate park upon project completion under the termination agreement.

Lease-Purchase Agreement

In November 2019, the County approved a 4-year \$1.2 million master tax-exempt lease purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the lease purchase of seven single axle trucks at an annual interest rate of 2.39%. Annual payments will be made from the Secondary Roads Fund.

Sheriff's Administration/Law Enforcement Facility

In February 2019, the County approved a \$.8 million professional services agreement with Shive-Hattery to complete a needs assessment, schematic design and develop construction documents for a new Sheriff's Administration/Law Enforcement Facility. The agreement was amended in October 2019 adding a fee for additional services for \$.5 million. The bid letting for construction is expected to occur in January 2020. Construction costs are estimated at \$16.2 million.

29. PENDING ACCOUNTING PRONOUNCEMENTS

As of June 30, 2019 the County adopted the following Governmental Accounting Standards Board (GASB) statements, which did not have a material effect on the financial statements:

- GASB Statement No. 83, Certain Asset Retirement Obligations (ARO), issued November 2016 was effective for the County beginning with its year ending June 30, 2019. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO.

- GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, issued April 2018, was effective for the County beginning with its year ending June 30, 2019. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

As of June 30, 2019, the Government Accounting Standards Board (GASB) had issued the following statements not yet implemented by the County. The statements which might impact the County are as follows:

- GASB Statement No. 84, Fiduciary Activities, issued January 2017 will be effective for the County beginning with its year ending June 30, 2020. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.
- GASB Statement No. 87, Leases, issued June 2017, will be effective for the County beginning with its year ending June 30, 2021. Statement No. 87 is designed to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.
- GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, issued June 2018, will be effective for the County beginning with its year ending June 30, 2021. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

- GASB Statement No. 90, Majority Equity Interests – an Amendment of GASB Statements No. 14 and No. 61, issued August 2018, will be effective for the County beginning with its year ending June 30, 2020. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government’s holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.
- GASB Statement No. 91, Conduit Debt Obligations, issued May 2019, will be effective for the County beginning with its fiscal year ending June 30, 2021. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

POLK COUNTY, IOWA

Notes to the Required Supplementary Information Pension Liability For the Year Ended June 30, 2019

Changes of Benefit Terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

Changes of Assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

Fund balance at end of year - GAAP basis			\$ 139,730,847	

POLK COUNTY, IOWA

Notes to the Required Supplementary Information Budgetary Reporting For the Year Ended June 30, 2019

The County prepares its budgets on a cash basis. The basic financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

State law mandates that annual budgets for the fiscal year beginning July 1 must be certified to the County Auditor no later than March 15, preceding the beginning of the fiscal year. Amendments to the budget are considered when program activities change. The budgeted amounts presented in the financial statements reflect the original and amended budget.

In accordance with the Code of Iowa and provisions of the Iowa Administrative Code, annual budgets are adopted collectively for the General, Special Revenue, Capital Projects, and Debt Service Funds on the cash basis (budgetary basis) by the Board of Supervisors, following required public notice and hearing. The Board of Supervisors then appropriates by resolution the amounts by program service area deemed necessary for each of the different County offices and departments. Appropriations as adopted or amended lapse at the end of the fiscal year. Thus, no encumbrances exist at year end.

A budget amendment must be prepared and adopted in the same manner as the original budget. The County budget was amended as prescribed and the original and final amended amounts are shown in the budgetary schedules. Supplemental appropriations are provided when unanticipated revenues become available or when unanticipated program expenditures are needed. During the year ended June 30, 2019 there were two supplemental appropriations resulting in an increase in total disbursements of \$50,897,591.

County management may amend detail line-item budgets as long as the total budget for each program service area does not exceed the budgeted level of authorized expenditures.

The legal level of control (the level of which expenditures may not legally exceed appropriations) is program service area for budgeted governmental funds in total, rather than by individual fund type. Formal and legal budgetary control is based on 10 major classes of expenditures known as program service areas. These 10 program service areas are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, government services to residents, administration, non-program services, debt service and capital projects. Legal budgetary control is also based upon the appropriation to each office or department, in accordance with State of Iowa statute.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office, by the County Agricultural Extension Council; for Emergency Management, by the County Emergency Management Commission; and for the County Assessor, by the County Assessor Conference Board.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

The Special Revenue Funds account for financial resources that are restricted as to use by the Federal or State governments and special purpose funds established by the County Board of Supervisors.

Rural Services - Accounts for taxes levied to benefit the rural residents of the County. This fund is restricted in accordance with the Iowa Code Section 331.424 and 331.428.

Sheriff Forfeited Property (State) - Accounts for state proceeds of property forfeited through law enforcement activities. This fund is restricted in accordance with the Iowa Code Section 809A.

Sheriff Forfeited Property (Federal) - Accounts for federal proceeds of property forfeited through law enforcement activities. This fund is restricted in accordance with Federal Department of Justice guidelines.

Attorney Forfeited Property - Accounts for property forfeited through law enforcement activities. This fund is restricted in accordance with the Iowa Code Section 809A.

County Attorney Collection Incentive - Accounts for state incentives for participating in the collection of fines in accordance with the Iowa Code Section 602.8107. This fund is committed per Board resolution.

Secondary Roads - Accounts for the road use tax allocation from the State of Iowa, required transfers from the General and Rural Services funds, and other revenues to be used for secondary road construction and maintenance. This fund is restricted in accordance with the Iowa Code Section 331.429.

County Recorder Records Management - Accounts for recording fees which are earmarked for records management. This fund is restricted in accordance with the Iowa Code Section 331.604.2a.

Township Fire Protection - Accounts for the requirement of the County to levy taxes for township fire protection and then disburse money to municipalities or townships for various township fire protection contracts. This fund is restricted in accordance with the Iowa Code Section 331.424C.

REAP - Accounts for monies received under the State Resource Enhancement and Protection Act. This fund is restricted in accordance with the Iowa Code Section 455A.19.

Contingency Reserve - Accounts for transfers from Prairie Meadows Racetrack/Casino Enterprise Fund and wagering tax revenue earmarked for future contingencies. This fund serves as a stabilization arrangement and is committed per Board resolution. See Note 27 for further information.

Automated Traffic Enforcement - Accounts for activity relating to the Sheriff's speed camera program established by County Ordinance #293. This fund is committed per Board resolution.

(continued)

Capital Projects Funds

The Capital Projects Funds account for resources designated to construct or acquire general capital assets, major improvements, vehicles and equipment. Revenues are derived primarily from the sale of general obligation bonds and notes, intergovernmental revenues, transfers from other funds and earnings on investments.

Conservation Water & Land Improvements - Accounts for the assets held for County conservation in accordance with November 2012 bond referendum to issue \$50 million to fund park and trail improvements, land acquisitions and other conservation measures including the water quality of lakes and rivers.

Justice Center - Accounts for capital projects relating to the remodeling, reconstructing, historically rehabilitating, furnishing and equipping the buildings of the judicial system, including the Courthouse, the criminal Court Annex and the Justice Center. This fund is restricted in accordance with bond covenants.

Capital Improvements Projects - Accounts for various capital improvements projects, building repairs, vehicles and equipment expenditures. This fund is committed per Board resolution.

Debt Service Funds

The Debt Service Funds account for the payment of interest and principal on general obligation bonds and notes. Debt service revenues are principally derived from property taxes, special assessments and other operating revenues. These funds are restricted in accordance with bond covenants.

NW 84th Water Main Debt Service - Accounts for debt service relating to a Drinking Water State Revolving Fund loan for NW 84th Avenue Water Main project.

Hamilton Drain Debt Service - Accounts for debt service for the Hamilton Drain bond issue supported by property taxes and special assessments. This fund is restricted in accordance with the Iowa Code Section 331.430.

Debt Service - Accounts for debt service for general obligation debt issues supported by County-wide tax levies. This fund is restricted in accordance with the Iowa Code Section 331.430.

NONMAJOR ENTERPRISE FUNDS

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government's body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Air Quality - Accounts for activity of the Air Quality Program in accordance with requirements imposed by the 1990 Federal Clean Air Act. The Air Quality Program is primarily financed through federal/state grant revenues and user charges (air quality control permits).

Conservation Enterprises - Accounts for the golf course and rental cabins activity under the conservation department. The golf course is operated by a private golf management company who has the ability to modify services and rates.

Hamilton Urban Drainage District - Accounts for storm water utility user fees and related operations and maintenance expenses of the Hamilton Drain Urban Drainage District.

Urban Sewer - Accounts for activity of the County's urban sewer economic development initiatives in conjunction with various municipalities.

Community Based Case Management (CBCM) - Accounts for activity relating to PCHS's program providing Target Case Management services to other third parties (managed care organizations). This program was effective April 2016.

Iowa Tax & Tags - Accounts for activity of the Treasurer's www.iowataxandtags.gov program relating to online property tax and vehicle tag payments.

INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments of the County and to other governmental units on a cost reimbursement basis.

Employee Insurance - This fund is used to account for all self-insured health insurance claim payments and stop-loss premiums.

Risk Management - This fund is used to account for the financing of all insurance premiums and claim payments other than health benefits. The County's self-insured workers' compensation insurance is accounted for in this fund.

AGENCY FUNDS

Agency Funds are clearing accounts that account for funds collected by the County on the behalf of individuals and other governmental entities.

Trust & Agency Treasurer - Represents a clearing fund for payroll tax withholding, partial property tax payments, tax sale redemptions and other taxing entities' tax collections and disbursements

Trust & Agency Trust Funds Held - Accounts for activity of water and drainage districts, TIF, employee parking, Sheriff condemnation and donated funds.

County Assessor Expense - Accounts for general activity of County Assessor's Office.

E911 Service - Accounts for the activity of the Polk County E911 Service Board as outlined in Chapter 34A of the Code of Iowa.

GIMS Implementation - Accounts for the GIMS Implementation Project that is financed jointly by the County Assessor and Polk County.

Emergency Management - Accounts for the operations of Polk County Emergency Management Commission as outlined in Chapter 29C of the Code of Iowa.

Seized Funds Unforfeited - Represents a clearing fund for money seized by the Polk County Sheriff's office but not yet forfeited by court order.

Mine Task Force - Accounts for activities of the Mid-Iowa Narcotics Enforcement Task Force for which the County Sheriff's office serves as fiscal agent.

STATISTICAL SECTION

The statistical section of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the County's overall financial health.

Financial Trends - These schedules contain trend information to show how the County's financial performance and well being have changed over time.

Revenue Capacity - These schedules contain information to assess the County's most significant local revenue sources, the property tax.

Debt Capacity - These schedules present information to assess the affordability of the County's current level of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information - These schedules offer demographic and economic indicators to show the environment within which the County's financial activities take place.

Operating Information - These schedules contain service and infrastructure data to show how the information in the County's financial report relates to the services the County provides and the activities it performs.

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual report for the relevant year.

Source: County Property Tax Rates per Iowa Department of Management and Cash Receipt Status Report

Notes: (a) Property taxes collected within the fiscal year of levy include current tax collections and state replacements of credits against property taxes/levied tax credits (Homestead, Elderly & Disabled Homestead, Agricultural Land, Business Property, Mobile Home, and Family Farm).

(b) Property tax collections in subsequent years include delinquent tax collections and TIF reimbursements. All collections are on cash basis.

(c) Negative property taxes resulted from large repayments due to revaluation settlements

POLK COUNTY, IOWA

**Direct and Overlapping Governmental Activities Debt
As of June 30, 2019**

Governmental Unit	Taxable Valuation	Debt Outstanding	Totals
--------------------------	------------------------------	-----------------------------	---------------

Note: Per GASB 44, Counties are encouraged but not required to present this schedule. The County has chosen not to present the overlapping debt of the various cities, schools, sewers, etc. as this requires the collection and combination of tax bases and debt amounts from outside of the county, which is not necessarily required, making the assessment of debt affordability burdensome and less meaningful.

POLK COUNTY, IOWA

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2019

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Polk County, Iowa and its discretely presented component unit, Polk County Health Services, Inc., for the year ended June 30, 2019. All federal financial awards received directly from federal agencies, as well as federal financial awards passed through other government agencies expended during the year, is included in the schedule. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" (Uniform Guidance). Because the schedule presents only a select portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or cash flows of the County.

Note 2. Significant Accounting Policies

Revenue from federal awards is recognized when the County has done everything necessary to establish its right to revenue. For governmental funds, revenue from federal grants is recognized when they become both measurable and available. Expenditures allowable in accordance with the grant agreement are recognized when they are incurred and become a demand on current available financial resources. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, where certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4. Noncash Assistance

The Commodity Supplemental Food Distribution Program - Direct – CFDA# 10.565 does not involve cash awards. This award is received in donated commodities. The value of the commodities distributed during the fiscal year ended June 30, 2019, was \$886,129. As of June 30, 2019, the County had commodities on hand with a value of \$181,188.

**Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance With
Government Auditing Standards**

Independent Auditor's Report

Board of Supervisors
Polk County, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Polk County, Iowa (the County), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 19, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory or other legal matters about the County's operations for the year ended June 30, 2019, are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory or other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program and
Report on Internal Control Over Compliance
Required by the Uniform Guidance**

Independent Auditor's Report

Board of Supervisors
Polk County, Iowa

Report on Compliance for Each Major Federal Program

We have audited Polk County, Iowa's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

(Continued)

II. Findings Related to the Financial Statement Audit as Required to be Reported in Accordance with Generally Accepted Government Auditing Standards

A. Internal Controls

None reported

B. Compliance Findings

None reported

III. Findings and Questioned Costs for Federal Awards

A. Internal Controls

None reported

B. Compliance Findings

None Reported

IV. Other Findings Related to Required Statutory Reporting

IV-A-19

Certified budget: Disbursements during the year ended June 30, 2019 did not exceed the amounts budgeted.

IV-B-19

Questionable expenditures: We noted no expenditures for parties, banquets or other entertainment for employees that we believe may constitute an unlawful expenditure from public funds as this is defined in the Attorney General's opinion dated April 25, 1979.

IV-C-19

Travel expense: No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

IV-D-19

Business transactions: The County represents there are no business transactions between the County and County officials or employees in accordance with Chapter 362.5(10) of the Code of Iowa and none were noted in performing the audit.

IV-E-19

Bond coverage: Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

IV-F-19

Board minutes: No transactions were found that we believe should have been approved in the Board minutes but were not.

IV-G-19

Deposits and investments: No instances of noncompliance with the deposit and investments provisions of Chapters 12B and 12C of the Code of Iowa and the County's investment policy were noted.

IV-H-19

Resource enhancement and protection certification: The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

IV-I-19

County extension office: The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the state of Iowa. This office is administered by an extension council separate and distinct from the County operations and, consequently, is not included in the financial statements.

Total expenditures during the year ended June 30, 2019 for the County Extension Office did not exceed the total amount budgeted.

IV-J-19

Tax increment financing (TIF): For the year ended June 30, 2019, the County Auditor prepared a reconciliation for each City reconciling TIF receipts with total outstanding TIF debt.
