F) Action Public Hearing Items – New Business:

**Items 1 - 4  21/10224 - 21/10227 Variance Appeal Applications**

Request by Mark Vinz of Kwik Trip, Inc. (Appellant), represented by Sarah Austin of Nagle Sings, Inc., requesting the following variances related to proposed signage for a new gas station/convenience store use at the subject property of 5145 NE 14th Street, Des Moines, Section 13 of Saylor Township:

**21/10224** – A Variance to increase the amount of allowable freestanding signage from 60 square feet to 225 square feet for a gas station/convenience store use.

**21/10225** – A Variance to allow a total of two (2) freestanding signs for a gas station/convenience store use.

**21/10226** – A Variance to increase the allowable sign height from 10 feet to 25 feet for a proposed freestanding sign.

**21/10227** – A Variance to increase the allowable sign height from 10 feet to 60 feet for a proposed freestanding sign.

Brian McDonough gave the staff presentation and recommendation. He explained that staff is supportive of three (3) of the variances, but is recommending denial of the freestanding sign height variance to 25 feet. He also explained that in recent conversations with the appellant, staff is now supportive of the full 225 SF of freestanding signage, not the modified recommendation of 180 SF contained in the staff report. The presentation included examples and photos of similar businesses and past sign variances. Staff’s recommendations on these requests are consistent with previous requests for similar businesses.
