

Situation Report (SIT-REP) Version: 5

Incident Name: Summer 2018 Flooding

Report Date: 04 July 2018

Report Time: 1600 Hours

For Additional Information Contact:

A.J. Mumm, Director

Polk County EMA

515-286-2107

Aj.mumm@polkcountyiowa.gov

Proudly serving the communities of:

Alleman, Altoona, Ankeny, Bondurant, Clive, Des Moines, Elkhart, Grimes, Johnston, Mitchellville, Pleasant Hill, Polk City, Polk County, Runnells, Urbandale, West Des Moines, and Windsor Heights

Information updated from the last report highlighted in blue**SECTION 1: SITUATION DESCRIPTION**

- Excessive rainfall occurred on the evening of 30JUN causing extensive flash flooding countywide. Widespread rainfall of 3 to 8 inches.
- Flood Warning for Polk County through Sunday evening
- Flooding continues along Walnut Creek, Raccoon River, Four Mile Creek, Raccoon River and smaller creeks and streams

River Flood Warning continue for parts of the Des Moines River.

River Flood Warnings along Raccoon River.

Showers and thunderstorms are possible Wednesday and Thursday.

SECTION 2: FORECAST

This Afternoon: Sunny, with a high near 89. South southeast wind around 10 mph.

Tonight: Mostly clear, with a low around 72. Southeast wind 7 to 9 mph.

Independence Day: A 20 percent chance of showers and thunderstorms after 1pm. Mostly sunny, with a high near 90. Heat index values as high as 103. South wind 7 to 9 mph.

Wednesday Night: A 50 percent chance of showers and thunderstorms after 1am. Mostly cloudy, with a low around 72. South wind 5 to 7 mph becoming northwest after midnight. New rainfall amounts between a tenth and quarter of an inch, except higher amounts possible in thunderstorms.

Thursday: A 40 percent chance of showers and thunderstorms. Mostly cloudy, with a high near 85. North wind 5 to 9 mph. New rainfall amounts between a tenth and quarter of an inch, except higher amounts possible in thunderstorms.

Thursday Night: Partly cloudy, with a low around 63.

Friday: Sunny, with a high near 83.

Friday Night: Mostly clear, with a low around 61.

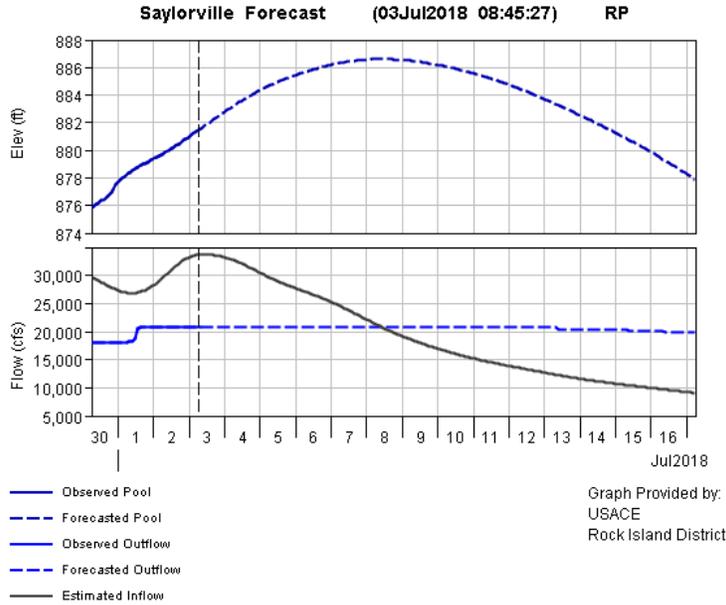

Saturday: Sunny, with a high near 81.

Saturday Night: Clear, with a low around 61.

Sunday: Sunny, with a high near 84.

Sunday Night: Clear, with a low around 65.

Monday: Sunny, with a high near 87.

Local Forecast Details: <http://www.crh.noaa.gov/dmx/>

Hydrological Forecast Details: <http://www.crh.noaa.gov/ahps2/index.php?wfo=dmx>

SECTION 3: OPERATIONAL FOCUS AREAS

1. Situational State/Situational Analysis
2. Determine Priority of Incident(s)
3. Acquire/Allocate Critical Resources
4. Crisis Information Management
5. Develop/Advise/Support Policy-Level Decisions
6. Coordinate with Elected/Appointed Officials
7. Coordination with County, State, Federal, Private, and Non-Governmental Components

SECTION 4: ACTIVATION AND STAFFING LEVEL

Current activation level is a 3 (of 5) – “Partial” and expected to remain at a 3 through Wednesday 04JUL at a minimum. Staff will continue to coordinate with local entities on individual basis and scheduled conference calls as needed.

Activation Level	Generalized Description of Activities	
5	Monitoring	Existing resources and capabilities are not necessarily coordinated outside of their own jurisdiction or outside of their immediate discipline. Normal administrative, planning, training, and exercise activities are scheduled and carried out
4	Limited	Request of limited coordination by available EMA staff personnel for a single jurisdiction or single discipline. This is done from the incident scene, command post, or agency administrative office. Select procedures and portions of the CEP are utilized as needed
3	Partial	Activities include the activation of select ESFs. Primary and support entities are notified to support incident activities and staff the EOC. EOC may be activated but 24-hour staffing is unlikely. CEP Base Plan concepts and select ESFs are implemented
2	Full	In a full-scale activation, all ESF primary and support entities are notified and the EOC is fully staffed for 24-hour coverage. Activities include the coordination of local resources with the potential of integrating state and federal resources into local response priorities
1	Advanced	An advanced level means that local capabilities are largely depleted or inadequate to respond to the wide geographic nature or complexity of the incident. Activities include coordinating with state and federal entities and their resources

SECTION 5: PROCLAMATIONS AND DECLARATIONS

Local Emergency Proclamation: None

Governor’s Proclamation: Polk County requested 01JUL

Presidential Disaster Declaration: None

SECTION 6: DAMAGE ASSESSMENT

Residential	Affected	Bondurant: 1 Des Moines: 20
	Minor	Bondurant: 1 Des Moines: 1 Pleasant Hill: 2
	Major	Des Moines: 3
	Destroyed	Information not available
Commercial	Minor	2 Polk County owned buildings
	Major	Information not available
	Destroyed	Information not available
Infrastructure	Minor	Polk County: Minor damage thus far to granular roadways including debris on roadways or loss of rock surfacing
	Major	Information not available
	Destroyed	Information not available
Agriculture	Minor	Information not available
	Major	Information not available
	Destroyed	Information not available
Debris Management		Polk County: Surveying bridges and structures for debris deposits this week. Limited storm/wind damage debris

SECTION 7: EMERGENCY SUPPORT FUNCTION (ESF) STATUS

The Polk County Comprehensive Emergency Plan (CEP) is built on 15 core emergency support functions or ESFs. The ESFs provide the structure for coordinating interagency and interjurisdictional support for significant incidents and planned events in Polk County. The ESF structure includes mechanisms used to provide support to local jurisdictions both for unplanned emergency incidents and planned events alike. The following subsections provide a briefing of activities by emergency support function.

ESF #1: Transportation (transportation of goods/supplies and people; route management; routes blocked; school delays and closings, etc.)

Des Moines Airport:

- ~~Some ponding on taxiways, now resolved~~
- ~~Some taxiway lights and signs out. Possibly due to lightning strikes~~
- ~~Minor flash flooding occurred on 25JUN but no long term issues~~
- Infrastructure intact

Altoona:

- ~~8th Street and Adventureland Drive area closed~~

Ankeny:

- ~~Numerous streets flooded~~
- ~~Numerous cars stranded/abandoned on flooded streets~~

Bondurant:

- ~~Multiple roads impassible~~

Clive:

The City of Clive has reopened all streets to normal traffic including:

- 100th Street – Swanson to Lincoln
- 114th Street
- 86th Street
- University Avenue
- Swanson Boulevard – railroad tracks to 100th

Des Moines road closures:

- ~~3300 block of ML King impassible due to high water and abandoned vehicles~~
- Birdland Drive
- Saylor Road
- George Flagg Parkway from SW 26th to Park Avenue
- SW 30th from George Flagg Parkway to Bell Avenue
- The access road SE 14th Ct between Hartford Ave and Granger Ave (Animal Control Center) closed due to water over the road

Elkhart:

- ~~I35 closed at 96mm due to water over the road. Now reopened~~

Johnston:

- ~~I80 closed at Merle Hay closed due to water over the road. Now reopened~~

Pleasant Hill:

- US65 at Vandalia closed due to flooding.

Polk County road closures:

• SE Vandalia Dr	SE 60 St	Pleasant Hill
• SE Vandalia Dr/SE 80 Ave	SE 56 Ave.	Runnells
• NE 80 St	NE 134 Ave	NE 126 Ave.
• NE 118 Ave	NE 80 St	NE 104 St
• NE 118 Ave.	NE 29 St	NE 38 St

- ~~SE Vandalia Dr./SE 80 Ave. SW of Runnells due to Red Rock Reservoir elevation~~
- ~~Multiple closures along 6th Ave~~
- ~~SE Stewart Dr. south of SE 56th Ave. due to flood waters of Mud Creek near Red Rock~~
- ~~Temporary closure of roads due to flash flooding, mainly in Franklin, Beaver, Fourmile, and Camp Townships~~

West Des Moines:

- 63 Street/Grand Ave closed due to overhead gates being lowered - reopened

ESF #2: Communications (911; paging; dispatch; warning; etc.)

- ~~9-1-1 Centers experiencing heavy call volume. During the peak of the storm, centers reported delays due to amount of calls~~
- Nothing to report

ESF #3: Public Works and Engineering (water, wastewater, debris management, plowing operations, traffic control devices, etc.)

Polk County Emergency Management requesting each jurisdiction report their individual debris management strategies by 0830 on 02JUL. Email to emergency.management@polkcountyiowa.gov

Saylorville Reservoir

- Current Saylorville Reservoir Pool: 881.36
- Average inflow to Saylorville Reservoir yesterday: 32,500
- Current outflow from Saylorville Reservoir: 20,500cfs
- Saylorville Reservoir Forecast (03JUL 0930hrs) Crest of 886.61 feet on 08-09JUL
- Pneumatic crest gates have been tested previously and will be again on or around 29JUN
- The following elevations are provided for reference:
 - 836 feet – Conservation Pool
 - 884 feet – Top of the concrete spillway
 - 890 feet – Top of pneumatic crest gates (889 crest gates need to be lowered)
- Additional information about current Saylorville Reservoir levels and forecasts may be obtained from www.rivergages.com

City of Ankeny:

- ~~A precautionary boil water advisory issued due to water main break has been lifted at 0400~~

City of Bondurant:

- Sandbagging operations occurred in the area of Aspen Drive NE and Lincoln Street NE to stop farm field runoff from entering homes
- Pumps deployed to water retention areas

City of Des Moines:

- ~~Widespread street flooding has occurred. All barricades placed for street flooding have been picked up~~
