Authorization to permit an open fire will not be granted by the Health Officer when such conditions arise that would deem such fires to be a safety hazard. The health officer shall have the authority to suspend this permit at any time for violation of any permit conditions or in the case of weather condition resulting in stagnation or pollutant concentrations such that the public health is jeopardized. Upon receipt of a written request, the Health Officer is authorized to issue a permit for an open fire for the following purposes. The permit may contain conditions and is subject to the provision set forth in PC Board of Health Rules & Regulations Chapter V.
